Subject: Ceasefire Resolution

Dear Council I am writing as a long time resident of Senior Housing in the Woods. Please support the ceasefire resolution. I know a few of you and know you to be compassionate supporters of human rights. I am asking you to please support the ceasefire in the name of compassion and an end to suffering. There are now some 17,000 orphans in Gaza trying to find scraps of food. Nearly 30,000 dead. Please act now. Our little population can make a difference. Thank you.
