WHEREAS, this Ordinance is exempt pursuant to the California Environmental Quality Act (“CEQA”) and Title 14 of the California Code of Regulations (“CEQA Guidelines”) because it can be seen with certainty that there is no possibility that the Ordinance may have a significant effect on the environment.

The City Council ordains as follows:

Section 1. Legislative Findings. The City Council hereby finds as follows:

1. The City of Fort Bragg is a small coastal community of 7,500 residents perched on the bluff tops overlooking the Pacific Ocean in northern Mendocino County. A former lumber town with what was a strong fishing industry, Fort Bragg has a rich history and many of its homes and buildings are well over a hundred years old. Located approximately 165 miles north of San Francisco and 185 miles west of Sacramento, Fort Bragg, while quite small, is the largest city on the coast between San Francisco and Eureka. The remoteness of Fort Bragg is one of its greatest assets. The natural landscape is beautiful. The air is clean, the ocean wild, and traffic is a non-issue. The City acquired parkland along the bluff tops of the former mill site and has completed construction of a multiuse trail. This trail created public access to 3.5 miles of scenic coastline and is value added for local residents and visitors alike. Of the City’s 1,869 acres, 962 are located in the Coastal Zone. The coastal views and beauty are critical to what makes Fort Bragg special. Many unique local businesses and brands have made Fort Bragg distinct, relying on the city’s natural beauty and laid-back commercial character. Maintaining the economic health and one-of-a-kind distinction is vital to preserving Fort Bragg’s commercial character while meeting the needs of its visitors and residents.
2. To retain that one-of-a-kind character, the City seeks to avoid the proliferation of chain store uses that result in diluting what makes Fort Bragg unique and instead creates a character of repetitiveness similar to other towns across America, where chain store prevalence grows. Fort Bragg seeks to encourage elements that provide variety and fit with the unique environment, history and its quirky charm while retaining opportunities for all. The City’s mission and vision embraces a friendly city with a small town character and a strong sense of community that values its roots in the fishing and timber industries. The City’s General Plan, Citywide Design Guidelines, and Inland Land Use & Development Code emphasize the commitment to maintaining the strength and vitality of the historic Central Business District.
3. A strong and diverse retail base is necessary for the success of Fort Bragg’s commercial sector, in particular the Central Business District. The City recognizes that a healthy blend of unique and familiar businesses providing diverse retail experiences for both visitors and residents supports this success. “As the economy evolves to a more tourism and service-based economy, the community has acknowledged the importance of maintaining the historic

identity of downtown and the integrity of the residential neighborhoods, while enhancing views and access to the coastline and planning for continued growth and development.” (Inland General Plan 6. Community Design Element). The City is committed to and recognizes the importance of promoting and supporting the economic vitality and diversity of City businesses both in its commercial districts and the historic Central Business District. (Inland General Plan Goal LU-4, Policy CD-6.1 and Policy CD2.3). Maintaining the City’s quality of life and identity is a priority. (Inland General Plan C-5, Policy C-5.1).

4. As the City continues to rely on its reputation as an emerging destination, to sustain and grow its tourism industry Fort Bragg must retain its historical ties to timber and fishing, the coastal and cultural qualities, and its recreation opportunities. Fort Bragg’s commercial uses should promote its unique and special qualities. The commercial uses should not detract from or dilute what makes Fort Bragg stand out from other cities in California. Formula retail businesses are, by their nature, not unique. Many of Fort Bragg’s unique goods and services cannot be found where many of our visitors reside. As a result, the City Council finds that formula retail businesses located in the City, if not regulated, will conflict with and frustrate the City’s goal of maintaining its unique historical character with a local economy that offers visitors and residents non-standard products and services.
5. An abundance of formula retail establishments hinders the City’s ability to promote its unique one-of-a-kind experience and to promote a diverse and balanced retail base within the City. A diverse retail base includes unique character that avoids overwhelming familiarity and sameness. The City Council finds that an overabundance of formula retail establishments will unduly limit or possibly eliminate the availability of businesses that tend to be unique or project the history and character of Fort Bragg.
6. The unrestrained increase of formula retail establishments will hinder the City’s goal to promote economic vitality in existing commercial areas, maintain community identity, and the continued support of economic diversity and vitality in the downtown. (Inland General Plan Goal LU-4, Goal C-5, and CD-2.3) A balanced and diverse retail base should be comprised of a balanced mix of businesses, small, medium and large, familiar and unique, and offering a variety of goods and services. The City strives to ensure that goods and services available locally, meet the regular needs of residents and visitors. The City Council finds that the unregulated establishment of additional formula retail uses may unduly limit or eliminate business establishment opportunities for smaller or medium-sized businesses, which tend to be unique. Further, the unregulated establishment of formula businesses unduly skews the mix of businesses towards formula retailers in lieu of those unique or start-up retailers, and result in decreasing the diversity of goods and services available to residents and visitors.
7. The Inland General Plan Mission and Vision pledges “to preserve and enhance the small town character and natural beauty that make the city a place where people want to live and visit, and to improve the economic diversity of the City to ensure that it has a strong and resilient economy which supports its residents.” (Inland General Plan 1B Mission and Vision). The City Council finds that the public welfare will be served and advanced by regulating formula retail businesses.
8. The City has analyzed the proposed Ordinance and finds that the project is exempt from the California Environmental Quality Act (“CEQA”) because Section 15061(b)(3) of the CEQA Guidelines (Title 14, Chapter 3 of the California Code of Regulations) exempts from CEQA

those activities where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment. This Ordinance will have the net effect of reducing, rather than increasing the amount of change in the City in that it does not authorize any additional uses as permitted or conditionally permitted uses nor does it change the uses allowed in the City or their intensity or density.

9. Amending the Inland Land Use and Development Code by this Ordinance is consistent with the General Plan and any applicable specific plan, and internally consistent with other applicable provisions of the Inland Land Use and Development Code.
10. Amending the Inland Land Use and Development Code by this Ordinance will ensure that Formula Business uses are effectively regulated so that they will not be detrimental to the public interest, health, safety, convenience or welfare of the City.
11. The proposed amendment is internally consistent with other applicable provisions of this Development Code.
12. The foregoing recitals are true and correct and are made a part of this Ordinance.
