Re: ABC Application Review, 142 E. Laurel St.

Good Afternoon David,

This letter is in reference to the request Letter of Public Convenience or Necessity from Mahkayla Miller license request for a bar/tasting room at 142 E. Laurel Street within the city of Fort Bragg.

I have reviewed the application provided to me from the city Fort Bragg City Clerk.

The proposed use will not be detrimental to the health, safety and welfare of the community, but would enhance the economic viability of the proposed location since it will be a unique business to this location show casing several local winery products.

The proposed license would enhance entertainment opportunities for locals as well as tourist who shop in the area, view the history of the community re-vitalizing the downtown attractions a location for people to take a break and relax. This location is not near a residential neighborhood, place of worship, or school.

There is no known history of police or crime-related problems in this area, which has several small privately owned shops, restaurant and a coffee shop. The street is a one-way eastbound street with available parking on both sides of the roadway. The applicant herself does not have any history with the department.

The police department does not have any objections or concerns for a license to operate a bar/tasting room in this area.

Sincerely,

A handwritten signature in black ink, appearing to read "John Naulty", is written over a horizontal line.
