COUNCIL COMMITTEE ITEM SUMMARY REPORT

MEETING DATE: September 22, 2020
TO: Community Development Committee
FROM: Sarah McCormick, Housing & Economic Development
AGENDA ITEM TITLE: Provide direction on Exhibit B of a Request for Proposals to contact services for preparation of a commercial cannabis cultivation ordinance for the City of Fort Bragg

ISSUE/SUMMARY:

On June 24, 2019 City Council received a report and provided direction to staff regarding the possible introduction of a commercial cannabis cultivation ordinance. After much discussion, the Council provided the following direction:

- Proceed with development of a cannabis cultivation ordinance;
- Allow cultivation in industrial zoned parcels north of Pudding Creek and limit cultivation south of Pudding Creek to an accessory use of dispensary;
- Explore ways to allow Municipal water for irrigation without negatively impacting the water system;
- Consider commercial cannabis cultivation as a Cannabis Business, pursuant to Fort Bragg Municipal Code Chapter 9.30 – Cannabis Businesses; and
- Allow 0.8 FAR and increased FAR with use permit approval (currently industrial zoning allows 0.4 FAR).

The City is preparing a Request for Proposals (RFP) to select a consultant for the development of a commercial cannabis cultivation ordinance, and the associated environmental review pursuant to California Environmental Quality Act (CEQA). Since over a year has passed since Council provided the direction listed above, staff is seeking input from the Community Development Committee to ensure the ordinance is aligned with Council objectives. The draft RFP (Attachment 4), including the Community Development Committee’s recommended Exhibit B (Attachment 5), will be brought before Council for further consideration at the regularly scheduled meeting of October 13, 2020.

To assist Community Development Committee discussion of this issue, the following topics are provided:

Cannabis Retail. At the time Council provided feedback regarding commercial cultivation of cannabis, the City had not yet adopted retail cannabis regulations. This is an important

consideration because the land use “Cannabis Retail” includes provisions for cultivation within a cannabis microbusiness model. Cannabis microbusinesses are facilities that engage in a combination of retail, distribution, manufacturing **and/or cultivation**. “Commercial Cannabis Cultivation” is defined by the Municipal Code as “the planting, growing or harvesting of cannabis plants that are intended to be transported, processed, distributed, dispensed, delivered or sold.

The retail component (aka dispensaries) provide economic value in terms of services and sales tax, while the “accessory uses” are an important tool for businesses competing in this industry. “Accessory” is defined by the Inland Land Use & Development Code (ILUDC) as “a use customarily incidental to, related and clearly subordinate to a primary use on the same parcel, which does not alter the primary use”. Community Development Committee may choose to discuss whether or not the City’s current regulations, which allow cultivation as an accessory use, already meet the City’s need for commercial cannabis cultivation. The cannabis microbusiness model is allowed in the Central Business District, General Commercial, and Highway Visitor Commercial zoning districts, with minor use permit approval.

Zoning. Current direction from Council is to allow commercial cannabis cultivation on industrial zoned parcels located north of Pudding Creek. Indeed, industrial zoned land is an appropriate zoning designation for those businesses primarily engaged in commercial cannabis cultivation. That said, the industrial land north of Pudding Creek has insufficient infrastructure to support growth. New development in this area would need to invest in costly improvements to serve sites with Municipal water/sewer services. Community Development Committee may choose to discuss including all parcels designated Light/Heavy Industrial.

Furthermore, committee members may wish to discuss including commercial cannabis cultivation or cannabis retail in more zoning districts. For instance, the land use “crop production, horticulture, orchard, vineyard” is permitted in all zoning districts throughout the City. Council may wish to expand areas where these land uses can occur, and possibly create specific regulations for specific zoning districts. Attachment 3 is provided to aid this discussion.

RECOMMENDATION:

Provide feedback on draft Exhibit B – Council Direction, to be brought forward as a recommendation for City Council consideration.

9.30.020 DEFINITIONS.

CANNABIS. All parts of the plant *Cannabis sativa* Linnaeus, *Cannabis indica*, or *Cannabis ruderalis*, or any other strain or varietal of the genus *Cannabis* that may exist or hereafter be discovered or developed that has psychoactive or medicinal properties, whether growing or not, including the seeds thereof. “Cannabis” also means cannabis as defined by § [11018](#) of the Health and Safety Code and

by other state law. “Cannabis” does not mean “industrial hemp” as defined by § [11018.5](#) of the Health and Safety Code.

CANNABIS BUSINESS. An entity engaged in the cultivation, possession, manufacture, distribution, processing, storing, laboratory testing, packaging, labeling, transportation, delivery or sale of cannabis and cannabis products for commercial purposes.

CANNABIS OPERATOR or **OPERATOR.** The person or entity that is engaged in the conduct of any commercial cannabis business.

CANNABIS PRODUCT. Cannabis that has undergone a process whereby the plant material has been transformed into a concentrate, including, but not limited to, concentrated cannabis, or an edible or topical product containing cannabis or concentrated cannabis and other ingredients.

CANNABIS RETAIL. A cannabis business where cannabis or cannabis products are offered, either individually or in any combination, for retail sale directly to customers. The primary use of a cannabis retail business is to sell products directly to on-site customers. Sales may also be conducted by delivery. Also known as a cannabis “dispensary.”

CANNABIS RETAIL – DELIVERY ONLY. A cannabis business that is closed to the public and conducts sales exclusively by delivery.

CHIEF OF POLICE. The Chief of Police of the City of Fort Bragg or the authorized representatives thereof.

COMMERCIAL CANNABIS CULTIVATION. The planting, growing or harvesting of cannabis plants that are intended to be transported, processed, distributed, dispensed, delivered or sold. Commercial cannabis cultivation is permitted as an accessory use to a permitted cannabis business.

DELIVERY OF CANNABIS. The commercial transfer of cannabis or cannabis products to a consumer. “Delivery” also includes the use of any technology platform owned and controlled by a cannabis business operator that enables customers to arrange for or facilitate the commercial transfer by a permitted cannabis retail facility.

EDIBLE CANNABIS PRODUCT. A cannabis product that is intended to be used, in whole or in part, for human consumption, including, but not limited to, chewing gum, but excluding products set forth in Division 15 (commencing with § [32501](#)) of the Food and Agricultural Code.

PERMITTEE. A person who holds an effective and current permit under this chapter.

PERSON WITH AN IDENTIFICATION CARD. Shall have the same definition as Cal. Health and Safety Code §§ [11362.5](#) et seq., and as may be amended.

PRIMARY CAREGIVER. Shall have the same definition as Cal. Health and Safety Code §§ [11362.5](#) et seq., and as may be amended.

QUALIFIED PATIENT. Shall have the same definition as Cal. Health and Safety Code §§ [11362.5](#) et seq., and as may be amended.
(Ord. 953, § 2, passed 11-12-2019)

9.30.030 LIMITATIONS ON USE.

A. *Compliance with City Code.* Cannabis businesses shall only be allowed in compliance with this chapter and all applicable regulations set forth in the City Code, including but not limited to all regulations governing building, grading, plumbing, septic, electrical, fire, hazardous materials, nuisance, and public health and safety.

B. *Compliance with State Laws and Regulations.* Cannabis businesses shall comply with all applicable state laws and regulations, as may be amended, including all permit, approval, inspection, reporting and operational requirements, imposed by the state and its regulatory agencies having jurisdiction over cannabis and/or cannabis businesses. All cannabis businesses shall comply with the rules and regulations for cannabis as may be adopted and as amended by any state agency or department including, but not limited to, the Bureau of Cannabis Control, the Department of Food and Agriculture, the Department of Public Health, the Department of Pesticide Regulation, and the Board of Equalization.

C. Cannabis businesses shall provide copies of state, regional and local agency permits, approvals or certificates upon request by the City to serve as verification for such compliance.

(Ord. 953, § 2, passed 11-12-2019)

9.30.040 CANNABIS BUSINESSES PERMIT.

A. It shall be unlawful for any person to engage in, conduct or carry on, or to permit to be engaged in, conducted or carried on, in or upon any premises in the City the operation of a cannabis business unless the person first obtains and continues to maintain in full force and effect a cannabis business permit from the City and a state license as herein required.

B. Cannabis businesses shall be located in compliance with the requirements of the Inland Land Use and Development Code and/or the Coastal Land Use and Development Code, as applicable.

C. Cannabis businesses that are subject to the standards in this chapter shall not be established or maintained except as authorized by the land use permit required by Division 2 of the Inland Land Use and Development Code and/or the Coastal Land Use and Development Code, as applicable.

“Cannabis retail” and “cannabis retail – delivery only” are defined land uses specifically referenced in Article 2 of the Inland Land Use and Development Code (ILUDC). The Director shall classify other cannabis businesses, including, but not limited to, those that involve manufacturing, distribution, processing, storing, laboratory testing, packaging, labeling, and/or transportation for commercial purposes as existing land uses already established by Articles 2 and 10 of the ILUDC, based on the characteristics of the proposed use. For example, a cannabis business proposing to engage in activities requiring a cannabis distribution license from the state may be classified as “wholesaling and distribution,” and allowable based on the permit and district requirements for the “wholesaling and distribution” use in Article 2 of the ILUDC.

D. *Dual Licensing.* State law requires dual licensing at the state and local level for cannabis businesses. All cannabis operators shall therefore be required to obtain a state cannabis license, and shall comply at all times with all applicable state licensing requirements and conditions. Cannabis businesses shall not be allowed to commence operations until the cannabis business can demonstrate that all necessary state licenses and agency permits have been obtained.

E. Failure to demonstrate dual licensing in accordance with this chapter shall be grounds for revocation of City approval. Revocation of a local permit and/or a state license shall terminate the ability of the cannabis business to operate until a new permit and/or state license is obtained.

(Ord. 953, § 2, passed 11-12-2019)

The Land Use Element of the City's General Plan provides the primary basis for City decisions on development applications. Privately and publicly-sponsored projects must be consistent with all parts of the Inland General Plan, but the Land Use Element is the first place to find out what type of development would be appropriate in a specific location, or what location would be suitable for a particular development type.

Actually, my comments are two-fold:

I suggest that the FAR be severed from the rest of the cultivation ordinance for CEQA purposes.
I suggest that it should be extended to all industrial zoning not just north of Pudding Creek.
You should also bring our land use tables back into conformity with state law and permit personal cultivation on residential zoning.

The Zoom meeting ID in the agenda packet doesn't appear to be working. When I click on it, it says that "The host has another meeting in progress" so there is no way to join the meeting and provide public comments. Is there a way to fix that or an alternative meeting ID? Thanks.
