## New eComment for City Council - Via Video Conference

Jacob Patterson submitted a new eComment.

Meeting: City Council - Via Video Conference

Item: 8C. 21-021 Receive Report and Consider Adoption of the FY 20/21 Water and Wastewater Rate Increase

eComment: Please postpone the water rate increases, which were adopted based on the legally inadequate rate study that incorporated the City's prior improper cost allocation plan. If the rate study had not been based on that flawed cost allocation plan, the rate increases probably wouldn't have been approved because they were not adequately cost justified. Fixing these errors, and structural issues with how the City sets and charges water and sewer rates should be a central focus of the pending rate study

I think the City should continue to waive late fees,  
for those of us that try to pay on time doesn't happen because we pay by  
online bill pay.  
It is hard to figure out exactly when a payment may be processed.
