Subject: Support for the Ceasefire Resolution
Date: Monday, February 26, 2024 8:47:46 AM

Am urging the City Council to adopt the resolution- It may be a symbolic gesture but it represents an important and absolute moral rejection of the atrocities currently being committed by Israel against the citizens of Gaza and recognizes our own government's complicity in aiding and abetting these horrors. Residents should be on record as categorically denouncing these atrocities. hence the importance of the resolution. Sincerely, Karen Carpenter, Mendocino
