Actually, my comments are two-fold:

I suggest that the FAR be severed from the rest of the cultivation ordinance for CEQA purposes.
I suggest that it should be extended to all industrial zoning not just north of Pudding Creek.
You should also bring our land use tables back into conformity with state law and permit personal cultivation on residential zoning.

It is fine, I don't need to make comments today.

The Zoom meeting ID in the agenda packet doesn't appear to be working. When I click on it, it says that "The host has another meeting in progress" so there is no way to join the meeting and provide public comments. Is there a way to fix that or an alternative meeting ID? Thanks.
