Honorable members of the City Council & Mayor Will Lee:

I was informed in a message that some members of the proposed 16-member Name Change Committee are NOT residents of Fort Bragg proper and, since they aren't city voters, they wouldn't be able to vote on any possible name change.

If you allow non-city voters to be on the committee. I ask that you table the agenda item so there's time for the city council to look over a list of people I'll submit from Albion & Mendocino who'd like to serve - as well as a few from Cincinnati and I have some unemployed friends back in New Hampshire that like to share their unsolicited opinion on any topic with anyone depending on their level of intoxication.

Thank you for letting me butt into your city affairs, you're all doing a fine job,

Regards,

Paul McCarthy
