Members

For the record I totally support the School Board Superintendents request for a stop sign on the East side of Chestnut for West bound traffic.

I drive this route several time each week, school days mostly. This would solve the uncertainty to a degree, while allowing West bound Chestnut traffic, and South bound traffic on Dana street to focus on pedestrian and other traffic.

Simple cheap, and if it doesn't work take it out. Much like the two way stop farther North on Dana, it did slow traffic.

Thank you. For all the taxpayer money spent on the Chestnut a few more dollars to make it better is a good call. I will reserve comments on Chestnut for another time.
