I support advocating for the relief fund, "to cover only those costs that (1) are necessary and related to the public health emergency caused by COVID-19, and (2) were incurred during the period of March 1-December 30, 2020."

To applaud the CARES act may be appropriate for diplomatic purposes here, yet it appears however it represents another mass transfer of wealth towards banks and mega corporations while crumbs for those that most need it in contrast.
