Subject: Cease Fire Resolution Support

Hello,

I'm writing in regards to the cease fire resolution currently under consideration by the city council, and want to express my support for passing it. Though it may seem far away and unrelated to Fort Bragg and our local concerns but standing up in any small way for peace has proved time after time in history to be the right thing to do, no matter how small our town. We have a voice and should speak, I urge our representatives to please pass this small gesture for peace in our world.
