Jason Balassi
Public Works Department
City of Fort Bragg

Dear Jason,

I would like to take this opportunity to thank you for your thirty years of service to the City of Fort Bragg, as a valued member of the Public Works Department. Over the years you have contributed to keeping community spaces and infrastructure functional and looking great, for locals and visitors alike.

Over those last three decades, you took on a wide range of duties, some likely more onerous than others. Our Coast Trail is a treasured space, and you've been a big part of keeping it such an appealing destination. You've always stepped up when called upon and have left a warm impression on the many people you've interacted with out in the community.

Thank you again for being a hard-working member of the Public Works team and for thirty years of dedicated service to our town.

Sincerely,

Jason Godeke
Mayor
