Dear Fort Bragg Customer,

Under our franchise agreement with the City of Fort Bragg, yearly rate increases are negotiated between the city and Waste Management and implemented in June to cover increases in operational costs.

The June 2017 rate increase was just approved by the city and will be retroactively applied to all accounts beginning on your April 2018 bill. In hopes of lessening the impact of these increases, we will spread it over your next two bills (April and May).

For example, if you subscribe to a 32-gallon trash cart service, your rate increased by \$2.03 a month. Your retroactive cost will be \$20.30 spread over two months in April and May.

In addition to our costs, tipping fees at Mendocino County and privately-owned transfer stations increased on January 1, 2018. These costs also will be added to your bill retroactively.

For example, if you subscribe to a 32-gallon trash cart service, your rate increased by \$0.09 a month beginning January 1, 2018. Your retroactive cost will be \$0.27 spread over two months.

32 Gallon Weekly Cart Service
