104	The fireworks. Sound and color. Nostalgia. The variability in how they appear is the beauty.	12/28/2025 11:43 AM
105	The sound and the explosion of light. A drone or drones can not compare to the rockets red glare. The bombs bursting in air. Gave proof to the night that our flag was still there. Stop trying to change a tradition and employ more fire personnel. You are already on the water. Don't ruin another reason for people to visit fort Bragg. If you remove fireworks everyone including me will go to another city that will show fireworks and you will loose all of that income from gas and food.	12/28/2025 11:28 AM

118	awesome drama	12/28/2025 8:13 AM
119	The tradition more than anything	12/28/2025 8:00 AM

121	I enjoy the traditional fireworks of beautiful sky drawings comes with the sounds / smells comes after the spectacular fireworks.	12/28/2025 7:48 AM
122	Tradition , sound , display	12/28/2025 5:47 AM
123	Used to love them, but am concerned about air quality, possible fire hazards and worried about all the pets being harmed as dogs especially howled through the last few years activities and many residents/visitors shooting off fireworks long after the public show until 3 or 4 am.	12/28/2025 4:51 AM
124	They are beautiful to watch. Noisy.	12/28/2025 3:35 AM
125	Just the lights and shapes, which can easily be done with drones	12/28/2025 1:51 AM

137	Traditional.	12/27/2025 7:55 PM
138	Tradition. Explosions.	12/27/2025 7:09 PM

141	I like the tradition itself. I like the surprise of watching them explode and you don't know what they will look like until the shower down. I bring my grandchildren every year and I asked them for their opinions. They said traditional fireworks for sure!	12/27/2025 5:36 PM

163	What I enjoy most about the traditional fireworks is, knowing the fire department puts it on every year. It's not just the publics tradition to watch an actual firework show but it's also the fire departments tradition hosting it. 12	Drones can be used for surveillance. I don't want this used as a cover to record surveillance data-like the Flock camera you have in town now. Drones are also used for military actions, like bombings. So honestly, they represent military violence and surveillance. No amount of pretty lights will remove that stigma.	1/4/2026 8:35 AM
13	Boring	1/3/2026 10:39 PM

26	None. Just hope it's environmentally friendly.	12/30/2025 7:37 PM
27	It can't compare to a fireworks finale. What, will they buzz more and louder at the end? We see fireworks as an alternative to screens. I don't want to go see a hundred little screens.	12/30/2025 5:42 PM
28	None, however I'm sure the uproar and outcry from traditionalists will be loud	12/30/2025 12:59 PM

55	My main concern is if it's foggy, is it possible to know if the drone show is happening or not? Can the operators fly in dense fog? With the traditional show, we can still hear and see bursts of color in the fog.	12/29/2025 2:01 AM

77	I would not attend the event if it had a drone light show. Not everything needs to be replaced with computerized technology. I feel that this would take the magic away from the experience, and turn it into a more automated and lifeless one. Our community is steeped in traditions that celebrate nature and human creativity, not technology. I would hate to see this change into that.	12/28/2025 4:03 PM

89	Takes away from country tradition. Some people may complain of the drone lighting. It my be better to keep the source we are familiar with.	12/28/2025 2:49 PM

93	It would not interest our family. We would not come. It is similar to the era of the laser light shows which has ruined many events. That many drones is also not healthy for marine mammals. There are many located in the area where fireworks typically happen. The impact of large numbers of drones is not being represented. It is significant.	12/28/2025 11:43 AM

94	People will go where fireworks are. If you do drones you will get 10 Karens at most. If they don't like fireworks and freedom they have plenty of other countries to visit that didn't win.	12/28/2025 11:28 AM

188	Usually they are best done to a soundtrack and somehow that music has to be played so all people watching the show can hear it. That may cause some issues but it's not impossible . Instead of projecting music over a large PA system which may cause some disturbance complaints, maybe a temporary FM radio broadcast or a live stream of the audio on a common media service (YouTube, twitch, etc.) can be set up for people to tune into on their own radio or mobile device while watching the show, no matter their location? ... 199	Catering to the loud minority . Drones are not anywhere near as celebratory or patriot as fireworks. They aren't environmentally friendly either. The difference is, the harm to the environment is in the manufacturing of the components. 69	Disruption to birds, pets and fire.	12/28/2025 8:13 PM
70	Traditional fireworks significantly harm wildlife through extreme stress, injury, habitat disruption, and pollution, causing panic-driven flight, nest abandonment (leading to baby deaths), collisions, hearing damage, and accidental toxic ingestion from debris, with effects worsening during breeding/migration seasons and impacting millions of birds and other animals globally. Animals experience severe fear from loud bangs and bright flashes, leading to disorientation and death from starvation, dehydration, or collisions with cars and buildings as they flee their homes.	12/28/2025 8:01 PM
71	Noise, huge waste of resources, money-pollution. The noise interferes with wildlife, and scares all the animals	12/28/2025 7:58 PM

76	No concerns. I recognize the need for fundraising makes the cost a factor but I've never heard any appeal for help beyond collection jars at the event. If funding needs are generally unmet, the community should be involved in a solution. If fire is a concern, likewise, good communication is needed. My understanding is the main concern for fire is from private fireworks in the vicinity of the big show, not from the city display and drones wouldn't affect that problem. As to the noise affecting people or animals, I think we should ask people and those with animals of concern to anticipate the situation and take care of themselves to avoid impacting the whole community's celebration. I wouldn't want everyone else to stop doing something they enjoy for my sake. I think I should be responsible for my needs and I think that's the best approach.	12/28/2025 6:40 PM

83	Toxins and scared pets.	12/28/2025 4:53 PM
84	ABSOLUTELY. They are a complete waste of money in these days. Results can be the same using drones for visuals which I'm assuming would be enhanced yearly. We are a coastal community. Displays really don't work. Then the wildlife and our own livestock and pets are terrified by the continual shooting noises. Remembering...animals hearing is many times clearer than out own. Imagine being blind & not knowing anything and off blasts the fireworks. Imagine how you would feel. In the age we have a classier way of managing brilliant visuals without the noise disturbance to nature.	12/28/2025 4:07 PM

Knowing these things prevents me from enjoy anything about traditional fireworks displays. Here's an important article: https://www.outsideonline.com/outdoor-adventure/environment/fireworks-environmental-impact/	12/28/2025 3:37 PM
90	Traditional fireworks shows raise significant concerns about air pollution, releasing fine particles and toxic metals; health impacts, aggravating respiratory/cardiovascular issues; wildfire risk; wildlife/pet distress, causing panic and abandonment; noise pollution, impacting sensitive individuals like veterans with PTSD; and litter/water contamination, leaving behind hazardous debris and chemicals in soil and water.	12/28/2025 3:35 PM

101	Smoke pollution with heavy metals (strontium, etc.) lowering air quality and dusting surfaces with heavy metals when it settles. The NOISE is upsetting, not just to me, but to many wild animals that are found as roadkill that night, freaked out of their minds and racing into traffic. Local dogs (and other pets) are freaked out by the gunshot-thundering sounds and there are more animals lost that day than any other day of the year.	12/28/2025 3:04 PM

114	There is always a slight risk--personal injury, fire. I know someone who lost an eye at a fireworks show. I know someone who blew their thumb off with an M-80. Anything like this is extremely sad. But a life without risk isn't a life at all. I'm sure driving is more dangerous than a professionally-produced fireworks show.	12/28/2025 10:52 AM

131	So many, they are not great for the environment, not only do the effect people with PTSD and pets they also effect the local wildlife all living on the headlands. It's super messed up to put the local fauna through it every year and part of why I feel bad about going to the fireworks because I can't enjoy them without thinking how much stress it's putting on them	12/28/2025 1:51 AM

154	The noise is frightening to pets and wildlife alike, the introduction of waste and litter into the environment and, in an era where fireworks are increasingly both accessible and dangerous, traditional fireworks shows send contradictory messages. 200	The chemicals used in traditional fireworks are damaging. I know they fall into the ocean, but the poor ocean doesn't need even more pollution. Also, there is a fire risk, albeit small, using pyrotechnics. Finally, a drone show will not cause explosive noises that scare local animals/pets.	12/11/2025 9:38 AM

210	According to the American Lung Association, When fireworks explode, they release gases such as sulfur dioxide, carbon dioxide and carbon monoxide, which are very harmful to our lungs. Their smoke releases other harmful metals into the air like aluminum, manganese and cadmium. Additionally, some illegal fireworks even contain lead, which is extremely dangerous and can cause long-term damage. Inhaling any of these chemicals is detrimental to health and can irritate the lungs, making it hard to breathe and causing serious health problems.	12/10/2025 11:34 AM

7	I believe a town collaborative watercolor painting project, maybe down on the docks of Noyo harbor- would be just as beautiful as a fireworks display. I understand it's a tradition and change can be difficult- however, for children, wildlife, and pets- it would be nice to end the unnecessary loud booms.	1/4/2026 8:35 AM
8	It is one of the few things offered by the city that I am happy to see my tax dollars being used for. The blockade on the coastal trail was too far north. Fireworks are going off over the water. Why not allow us to lay on a blanket up close?	1/3/2026 5:52 PM
9	No	1/1/2026 6:24 PM
10	Thanks for considering the change	1/1/2026 3:55 PM
11	I like the communal celebration but wish it was more respectful to animals and people who can't handle the explosions. The drone show seems like a nice compromise	1/1/2026 12:11 PM

13	I would attend more if they were light shows.	12/31/2025 7:50 PM

15	We love when it lines up with other things to do in fort Bragg, like the salmon BBQ	12/30/2025 5:42 PM
16	Perhaps finding other event activities that supplement firework shows.	12/30/2025 9:49 AM
17	If there is concern of budget then I know our town can pull though and make something happen	12/30/2025 8:29 AM
18	Stop trying to fix things that aren't broken	12/30/2025 7:15 AM
19	Make it really means something. Help people remember why it's important - esoeicially now.	12/30/2025 6:25 AM
20	Stop illegal fireworks in community	12/30/2025 2:23 AM
21	Combine some fireworks with drones and have music amplified for drone show or simulcast on the radio.	12/30/2025 1:28 AM
22	No	12/29/2025 11:21 PM
23	More fireworks	12/29/2025 8:09 PM
24	Be in sync with local radio stations with music	12/29/2025 7:47 PM
25	I believe the environmental, health, and noise issues of traditional fireworks shows are significant, and the "nostalgia" factor is not strong enough-- I think we should go to a drone light show.	12/29/2025 4:26 PM
26	Can't predict the weather, so unless we are going to consider changing the LOCATION if we	12/29/2025 4:06 PM

use drones, I think we will always be stuck with a 50-50 chance of seeing anything out there off the bluff!

27	It would be good for the city to provide a pro/con worksheet for the public to review to make the most informed decision possible	12/29/2025 4:04 PM
28	Let people drink on the beach	12/29/2025 2:48 PM
29	Maybe just skip the whole display. Drones are quiet and most years fog obscures the visuals.	12/29/2025 1:00 PM
30	I've made myself clear	12/29/2025 11:15 AM
31	I believe a drone show would be beneficial to tourism	12/29/2025 10:49 AM
32	A drone display would clearly be the best fit given the incredible amount of wildlife we are surrounded by. Fourth of July fireworks are a terror for all critters and many humans.	12/29/2025 9:46 AM
33	The novelty of the drone show would guarantee our attendance!	12/29/2025 9:30 AM
34	There is no verifiable evidence that the fireworks attract visitors. Rather, they seem to come to escape the inland heat and enjoy the ocean experience.	12/29/2025 8:25 AM
35	The fireworks display is long over due for a rehaul	12/29/2025 7:48 AM
36	Its a celebration of the victory our country won! Fighting for freedom matters	12/29/2025 7:32 AM
37	Thank you City of FB for making this celebration possible every year!!!	12/29/2025 2:01 AM
38	Keep America Great.	12/29/2025 12:17 AM
39	No	12/29/2025 12:01 AM
40	Like I said before, I would rather see a firework show than a drone show. But I would definitely make a point to see the drone show because I had never seen one before. But I also feel like if that's all. I had to see. Was the drone show that I would have liked to have seen fireworks... If that makes sense	12/28/2025 11:00 PM
41	I hope if you do decide to go with drone display, it doesn't say USA over & over like in the video.	12/28/2025 10:59 PM
42	Thank you for this survey!	12/28/2025 10:32 PM

44	Like the idea of drones as they might be quieter, less polluting.	12/28/2025 8:13 PM
45	I think trying the drones is a great idea. The harm caused to pets and wildlife should be taken seriously and either there should be no fireworks at all, or try the drones show to please tourists.	12/28/2025 8:01 PM
46	Please don't switch to a drone show.	12/28/2025 7:48 PM
47	A drone show could happen in a different venue. One with better parking and access	12/28/2025 7:44 PM
48	If it's not broken, don't fix it.	12/28/2025 7:35 PM
49	It's a great tradition on the coast. I love seeing visitors at the Salmon Barbecue and around town, and enjoying the fireworks along with locals.	12/28/2025 6:40 PM
50	With all the money the city makes, we should have fireworks on the actual 4th of July. Pollution and noise is a poor excuse to not have fireworks, it's one day a year, if you dont like the explosions then stay home. Don't take your dog to the fireworks. Don't ruin it for everyone.	12/28/2025 6:23 PM
51	Many communities have done drive shows, and they have been very well received once people experience them. Check out, for example, Goleta California's show.	12/28/2025 5:36 PM
52	I understand that there are such things as "silent: fireworks which minimize the noise that disrupts wildlife and startles dogs. Could this be an option? I think a lot of people like the noise but perhaps be persuaded with information.	12/28/2025 5:08 PM

55	Isn't everyone tired from going to the parade, events, sand & sea? We have visitors! Let's give them a celebration in 2026 not 1776.	12/28/2025 4:07 PM
56	Consider more transportation options for the masses.	12/28/2025 4:04 PM
57	Drone shows are so much fun and different.	12/28/2025 3:53 PM
58	Would love to attend once: 1 - The archaic and destructive elements (see above concern list) are eliminated. 2 - Modern, nondestructive and non-harmful technology is promoted. This also opens up the field (and ingenuity and competition) for drone skills, so useful in today's world.	12/28/2025 3:41 PM
59	I've been concerned about this issue for years. Thank you for caring and for reaching out to our coastal community. Let's bring positive change to the Mendocino Coast and set a good example for surrounding communities.	12/28/2025 3:37 PM
60	This seems like an easy win for local government. It's hard to make an argument for traditional fireworks displays any longer.	12/28/2025 3:35 PM
61	inaugural drone show could be marketed as a 'first of' for the county and could be a bigger draw to an already successful event, and if it's done properly could be a consistent draw for out of the area attendees	12/28/2025 3:13 PM
62	Traffic on the bridge is a bottleneck and safety hazard. If there were a drone show that wouldn't need water for fire danger mitigation, perhaps the drone show could be held somewhere more accessible, or is that the best location in town for other reasons?	12/28/2025 3:04 PM
63	Try a drone light show next year, but still reserve time at the end for the boats to set off regular fireworks. Everyone wins!	12/28/2025 2:57 PM
64	We could decrease the amount of fireworks by having a drone light show followed by a grand finale with traditional fireworks.	12/28/2025 2:49 PM
65	Life changes, and we need to pay more attention to the planet health.	12/28/2025 1:12 PM
66	I would suggest both, involving two nights. Knowing the fog has been at issue in the past, it seems logical to plan two events.	12/28/2025 1:10 PM
67	Do it on the 4th of July. Stop rescheduling it on a different date, just to attract more tourists.	12/28/2025 1:04 PM
68	I think the shift away from fireworks endorsed by veteran groups would really help address the topic of who these displays are for and who they honor, and maybe is there a better way to do so.	12/28/2025 12:39 PM
69	We come every year from Grass Valley for the salmon bbq and fireworks. Stay at North Cliff Hotel. If no fireworks, no north Cliff hotel stay, no World's Largest Salmon BBQ/Salmon Restoration Assn. bbq attendance for us. 😞 Keep the tradition. Fireworks 🎆🙏❤️	12/28/2025 11:57 AM

99	Without fireworks and their instantaneous effects, the celebration loses its historical significance. It becomes a ridiculous Disney show, like the "Skunk Train". Meaningless without history.	12/27/2025 3:44 PM
100	Let's keep celebrating but open to a different version. Let's try and see. Thank you for considering an alternative.	12/27/2025 3:40 PM

109	Please don't change it. With the world changing so rapidly around us, I'd live to be able to say we're still the small town with the corky small town festival that people love.	12/27/2025 11:32 AM

119	Stay traditional. It's not a very long show. We're all used to the noise of the fireworks that happen once a year.	12/27/2025 8:40 AM
120	The drone show makes the most sense in terms of being able to see, assuming it would be more visible through the fog.	12/27/2025 8:09 AM
121	It's ironic that many of the veterans who should be honored on this holiday, are precluded from attending the celebration due to the stress of the fireworks noise. I'd like to see it become more enjoyable for all residents.	12/27/2025 7:24 AM
122	I think they have always done a good job with the fireworks display. Not to long not to short.	12/26/2025 6:25 AM
123	Drone shows are just starting to come on strong. However, it would be better to advertise a down show since it could be a differentiator, and I would expect it would be much less expensive.	12/23/2025 7:59 PM
124	This would actually be our first time visiting Fort Bragg for the 4th of July, but we will probably go elsewhere if there are no fireworks.	12/21/2025 1:30 PM

136	I know fireworks are part of the attraction for locals and visitors alike. It seems like using drones could solve some issues like the ones I mentioned above.	12/11/2025 9:38 AM
137	Yes, if the event is not going to be on the 4th, but on the Saturday of the Salmon Barbecue I think that extra money should be added to the salmon barbecue tickets so it's not just the locals paying for the fireworks/drown display.	12/11/2025 9:33 AM

151	Keep the tradition of Fireworks alive. Actual Fireworks. A drone show is not a substitute for the symbolism of the sacrifices made to keep this country free. For the love of all things holy, don't celebrate 250 years of the United States of America with glorified flashlights	12/9/2025 10:02 PM
152	Investing in drones seems like an excellent idea, as they will be reusable for numerous events over many years, and will over time reduce costs of events like the 4th or new years. The city could even rent them out to local organizations for non standard events (perhaps for graduation?) to increase the return on the investment	12/9/2025 9:57 PM

167	Healdsburg and Point Arena are a couple of places whose fireworks shows never disappointed me.	12/8/2025 5:27 PM
168	It would be nice to have had availability & cost information for both alternatives in order to make an informed decision.	12/8/2025 4:36 PM

171	Information given to the public on various locations to view the fireworks. Often, traffic is crazy and although I can walk from my house and view the fireworks from the bridge, I hear a lot of people voice frustration over not being able to get to the coastal trail or Noyo beach due to traffic. Also, more police presence at crosswalks aside from the Taco Bell intersection. There's always a ton of cars at intersections along Franklin and last year we almost got hit while using the crosswalk at the intersection near the police department.	12/8/2025 2:58 PM
172	Looking forward to seeing the drones	12/8/2025 1:44 PM
173	I understand that traditional fireworks are loud, scare pets, wildlife, etc. but the Fort Bragg display, being located over the harbor, is so safe, and the duration is short, that I think the tradeoff is worth it for a traditional fireworks display. It is a tradition and something many residents and visitors love about celebrating 4th of July.	12/8/2025 11:26 AM
174	Please don't switch to drones.	12/8/2025 11:24 AM

180	New traditions are needed. Too bad so many people get too drunk. I appreciate law enforcement, EMTs, City Employees, and everyone trying to keep people safe.	12/8/2025 7:56 AM
181	I would love for the 4th of July to be celebrated on that day	12/8/2025 7:41 AM
182	Most people who have pets, know they are scared of fire works and should take the proper precautions for their pets, just like the do when walking their dog in a leash. Fire isn't a High priority in brag, with heavy fog and moisture points it's a pretty safe fire bet. What's more of an environmental pollution impact? a few down drones in the water, unable to retreat, or spent gun powder and paper.	12/8/2025 7:21 AM
183	Would love to have it in the city for viewing. Have it easily walkable from many areas in town. Usually it's crazy by the bridge and not much parking. Maybe by Glass Beach area or open area by the mill like the logging show. Easy to park in Fort Bragg proper and eliminates lots of congestion and more accessible to folks.	12/8/2025 7:19 AM

220	They're part of the identity of the holiday. Replacing them feels like losing a piece of American culture.	12/7/2025 7:48 PM
221	Even though it isn't sanctioned, the local boats performing their own fire works shows before/after the official one is always a highlight and it might loose its luster if there was a drone show as opposed to traditional fireworks. That being said, I'm one of those people that doesn't understand why the state hasn't just straight up outlawed all fireworks.
