Date: Saturday, February 24, 2024 1:40:44 PM

Dear Council members, I suggest the city adopt a policy of not doing any resolutions that do not directly relate to the City of Fort Bragg. No matter what the subject.

The voters elected you to look out for the city. Please focus all your efforts on that. We don't need a resolution for every whatever week or day that has been set aside for on the calendar, or other world event. Unless directly related to the city of Fort Bragg, like recognition of an employee that has passed, or an honor needs to be presented, please resist the temptation.
