April 2018

Dear Fort Bragg Customer,

Under our franchise agreement with the City of Fort Bragg, yearly rate increases are negotiated between the city and Waste Management and are supposed to be implemented each June to cover increases in operational costs.

The June 2017 rate increase was just approved by the city in March and was implemented immediately. These rates also include increased tipping fees at Mendocino County and privately-owned transfer stations that increased on January 1, 2018. All new rates will be reflected on your next bill.

For example, if you have a 20-yard debris or compactor box service, the container rate increased by \$34.86 for a new container rate of \$547.81. The rate per ton increased by \$5.96 for a new per ton rate of \$93.64.

New Rates

Rolloff - Debris Boxes and Compactors	Rate
20 Yards	\$547.81
30 Yards	\$577.65
Per Ton Rate (For all boxes and compactors)	\$93.64

Ancillary Rates (Does not include franchise fees)	Rate
Relocate Charge	\$43.30
Bad/Return Check (Per occurrence)	\$25
Late/Finance Payment (Applied to unpaid balances 30 or more days from invoice date.)	2.5% of balance or \$5 minimum
