To Ft Bragg City Council;

I am writing to lend my support for the appointment of Abbie Colbert to the Noyo Harbor Commission seat that has been made available by the passing of Commissioner Dusty Dillon. Ms.Colbert is a Harbor Historian, an “old salt” river lady, and someone very conversant in the issues of the Harbor and it’s future. Specifically, her clarity on such future planning that integrates tourism with keeping the reality of a working harbor in tact would be a benefit to the city, the river, and the working seagoers who use our Harbor port . The harbor’s way of life will be served well by Ms. Col;bert’s appointment to the Harbor Commission Board.

Sincerely,

Paul Katzeff
