Subject: Noyo Bridge safety net

Dear Chief Cervenka and Director Tavares,

I fully support the concept of a safety net for the Noyo Bridge in Fort Bragg, as proposed by Police Chief Cervenka.

As I cross the Golden Gate Bridge on my trips to and from the City, my view as a traveler is unimpeded. And the knowledge that there is an excellent and literal safety net to catch those who are desperate, giving them another chance, allows me to think of hope rather than sadness.

For our tiny community, it seems that we have a very high percentage of individuals going over or wanting to go over the edge. Not only would a safety net help those who are in need, it would also keep that trauma from spreading to our remarkable first responders.

The Coastal Commission will understand. Let's do it.

All the best,
Amy
