Optional: Click here to import last year's data. This is best used when the workbook is new and empty. You will be prompted to pick an old workbook to import from. Project and program data will be copied exactly how it was entered in last year's form and must be updated. If a project is no longer has any reportable activity, you may delete the project by selecting a cell in the row and typing ctrl + d.

[Click here to download APR Instructions](#)

Click here to add rows to a table. If you add too many rows, you may select a cell in the row you wish to remove and type ctrl + d.

v_2_15_24

Optional: This runs a macro which checks to ensure all required fields are filled out. The macro will create two files saved in the same directory this APR file is saved in. One file will be a copy of the APR with highlighted cells which require information. The other file will be list of the problematic cells, along with a description of the nature of the error.

Optional: Save before running. This copies data on Table A2, and creates another workbook with the table split across 4 tabs, each of which can fit onto a single page for easier printing. Running this macro will remove the comments on the column headers, which contain the instructions. Do not save the APR file after running in order to preserve comments once it is reopened.

Optional: This macro identifies dates entered that occurred outside of the reporting year. RHNA credit is only given for building permits issued during the reporting year.

Housing Programs Progress Report			
Describe progress of all programs including local efforts to remove governmental constraints to the maintenance, improvement, and development of housing as identified in the housing element.			
1	2	3	4
Name of Program	Objective	Timeframe in H.E	Status of Program Implementation
Program H-1.1.1 Inventory of Infill Sites	Maintain the inventory of vacant and underdeveloped residentially designated land in the City's GIS system. Provide copies of the inventory for public distribution on the City website.	Ongoing, as vacant sites are developed the GIS system is updated and a map and list of vacant sites is posted on the City's website	Updated in 2019 and revised in 2023.
Program H-1.3.1 Secondary Dwelling Unit Design	Continue to implement the City's free secondary unit program to provide affordable and aesthetically pleasing second unit designs for the development of secondary units in Fort Bragg.	Ongoing	In 2021, the City utilized SB-2 grant funds to develop designs and engineering for two sets of construction plans for Fort Bragg's Pre-Approved ADU Program: 1) 720 SF one-bedroom; and 2) 960 SF two-bedroom. Currently available to all residents. In 2022, the City began preparing for a Local Coastal Program Amendment to revise housing and ADU regulations.
Program H-1.3.2 No Development Impact Fees for Secondary Units	Free secondary unit program to provide affordable and aesthetically pleasing second unit desgns.	Ongoing	The City currently does not charge water or sewer capacity fees for ADUs and JADUs.
Program H-1.3.3 Develop Amnesty/Legalization Program for Illegal Second Units	Continue to provide a legalization program for illegal residential units, especially second units, that includes requiring property owners to undertake improvements to meet the requirements of the current building code.	Ongoing	Implemented in 2015. The City charges no penatly fees or back payment for illegal units that submit a building permit to be legalized and per State Law. The City does not require correction of non-conforming issues on site and allows each non-conforming unir 5 years to gain legal status per state law.
Program H-1.3.4 Junior Accessory Dwelling Units	Consider revising the zoning ordinance to allow junior accessory dwelling units (units no more than 500 SF and contained entirely within an existing single-family structure) in single-family residential and multifamily zoning. The Junior Accessory units would be in addition to a second unit, allowing up to 3 units per parcel by right.	2021-2023	Completed in 2020 and revised in 2023 to comply with changes to State Law for the Inland Land Use Code. The LCP amendment to adopt ADU ordinance into the CLUDC has been prepared and will be submitted to the Coastal Commission in early 2024 for certification.
Program H-1.3.5 Allow Tiny Homes as Second Units	Consider revising the zoning ordinance so that people can park mobile residencies (residences built under the vehicle code) as a second unit, so long as the residence looks like a house (e.g. external siding that is compatible with the residential neighborhood, skirted if the wheels would otherwise be visible from the public right of way, etc.).	2022	Received SB-2 Grant funding. Ordinance allowing Tiny Homes was adopted on April 25, 2022. The Ordinance was rewritten in 2023 to correct some problems with the original ordinance. A CEQA analysis was completed. The ordinance will be considered by the Planning Commision and City Council in early 2024.
Program H-1.3.6 Alternative Designs for Second Units	Explore options for allowing cutting edge construction techniques for second units including but not limited to: straw bale, rammed earth, prefabricated second units, etc.	2023	To be considered
Program H-1.6.1 List of Vacant Parcels	Continue to update the vacant parcels map and provide information to potential developers about infill development opportunities in Fort Bragg.	Ongoing. Substantially updated in 2023 inot a powerpoint presentation which includes for each vacant propoerty the following information: photos, parcel map, development challenges, allowable denisty, zoning and various other details.
Program H-1.6.2 Planning Incentives	Consider adopting planning incentives for new residential development on infill sites	Consider updating the LUDC to provide a mechanism for market rate housing projects to request up to one planning incentive for development of market rate housing on infill sites (as defined by CEQA).	Presented to Council 2020 as part of an Economic Policy Manual. Received direction to move forward. Plans to implement 2020-2025
Program H-1.6.3 Redevelopment of Non-Vacant Sites	Require the replacement of housing units subject to the requirements of Government Code, section 65915, subdivision (c)(3) on sites identified in the site inventory when any new development (residential, mixed-use or non-residential) occurs on a site that has been occupied by or restricted for the use of lower-income households at any time during the previous five years. This requirement applies to: 1) non-vacant sites and 2) vacant sites with previous residential uses that have been vacated or demolished.	The replacement requirement will be implemented by 2020/21 and applied as applications on identified sites are received and processed.	To be implemented
Program H-1.7.1 Permit Steamlining	Develop a streamline permitting process for local and out of area developers to permit affordable and market-rate multi-unit housing projects. Project streamlining for larger vacant parcels (2 to 10 acres) could consist of: 1) completion of all resource studies (botanical, traffic, cultural resources, etc.); 2) completion of the CEQA analysis; and/or 3) completion of the site plan, elevations, and all permitting for a vacant parcel.	2020-2025	Significant pre-development work was completed for a three acre vacant parcel on Hazelwood, including: botnical and wetland study and 30% deisgn for required public improvements. This work was funded with LEAP funds. The City has determined that it does not have sufficient budget to complete pre-development work on other parcels.
