

FORT BRAGG, ca: Art & Culture

Presented to FB Community Development Committee, 4/28/15

by:

Lori-Rachel Stone, BA, MFA

Hello,

I am a resident, and General Contractor in Fort Bragg, Calif. I have raised 2 boys here in Fort Bragg, and reside with my wife, Barbara here on Simpson Lane. I graduated from College of San Mateo with a AA degree in Art and Architecture studies. I then received a BA @ San Francisco State University in Fine Arts...

I make my living with construction and would love to continue my work in Art. We have had many shows here in Fort Bragg and Mendocino with class related art projects, and home constructed works of art. I currently am enrolled at Mendocino College to further the cause, and help out the school with enrollment.

I would love to see a community based Art Program/Shows, Sales, events to help put Fort Bragg on the map as a thriving art community since we have many residents involved in the Arts.

I have been working in art and related fields all my life, and continue with this creative outlet, and would love to show the community and visitors not only my work, but those of this inspired community of Artists...
