

CITY COUNCIL

CITY COUNCIL

A five-member elected City Council provides governance over the City of Fort Bragg's services to a population of approximately 7,000 residents. Each Councilmember is elected at-large and serves a four-year term. The Mayor is elected by the members of the City Council and serves a two-year term. The Council convenes in regular session on the 2nd and 4th Mondays of each month. All regular meetings are held in Fort Bragg Town Hall and are open to the public.

SUMMARY OF SERVICES

The Council establishes policies for City operations, approves all budgets, and ensures appropriate representation and responses to community interests. The City Council appoints the City Manager who supports the City Council in its policy development functions and ensures that the City Council's policies, programs, and priorities are addressed through the work of City staff.

STRATEGIC GOALS AND OBJECTIVES

- Foster a strong, resilient and prosperous local economy.
- Ensure the timely completion of the Mill Site remediation and continue to plan for reuse of the property.
- Maintain and improve City infrastructure, including ongoing maintenance and repair of streets and alleys, increasing water storage capacity, and constructing improvements to the City's water distribution and wastewater treatment facilities.
- Develop long-range financial plans for Capital Improvement Program implementation.
- Focus on activities and programs that maintain and enhance the "quality of life" in Fort Bragg.
- Define solutions to homeless issues.
- Support development of housing.
- Ensure civility and decorum at Council meetings.
- Strengthen neighborhoods and increase public safety on our streets.
- Ensure that City is prepared to respond to natural disasters and emergencies.

FY 2016/17 TOP ACCOMPLISHMENTS

- The Council welcomed two new Councilmembers, Will Lee and Bernie Norvell, in December 2016.
- The Council placed two companion ballot measures, Measure AA and Measure AB, on the November 2016 ballot. Both were approved by the voters. Measure AA increases the Transient Occupancy Tax rate from 10% to 12%; Measure AB advises the Council regarding how to spend the additional \$400k per year in revenue that the TOT increase will generate.
- The Council prioritized improvements to the City's water and wastewater infrastructure. The Summers Lane Reservoir project was completed, providing 45 acre-feet (15 million gallons) of water storage to improve the reliability of the City's water supply in the late summer months.
- The Council supported several actions to enhance access to City government including live-streaming all Council Committee meetings (in addition to Council and Planning Commission meetings).
- The Council continued to make maintenance and improvement of the City's streets and sidewalks a key priority. The Council appropriated funds for the 2017 Streets & Alleys Rehabilitation project and provided direction to staff regarding priority streets and alleys for repair.
- The Council provided strategic vision for numerous parks and recreation projects serving our coastal community including the Fort Bragg Coastal Restoration & Trail Project, the Chestnut Street Multi-Use Trail project, the C.V. Starr Community Center and the Bainbridge Park Master Plan.

FY 2016/17 TOP ACCOMPLISHMENTS Con'td

- The Council continues to place a strong emphasis on community safety and support for the Fort Bragg Police Department's operations. Through the budget process, the Council funded expansion of the Department's K-9 program and funded an officer assigned to the Mendocino County Major Crimes Task Force to help pro-actively address drug and gang-related issues in our community.
- The Council provided leadership on a number of important community issues including: addressing issues related to homelessness; the environmental clean-up of the Georgia Pacific mill site property; daylighting creeks on the mill site; certification of EIR for new transfer station; establishing regulations for the post-Prop 64 cannabis industry; support for our immigrant community; .

FY 2017/18 TOP PRIORITIES

- Through the budget process and the mid-year budget review process, the Council provides strategic vision to guide the City organization and communicates its priorities for each of the City's service areas. The Council's priorities are expressed throughout the FY 2017/18 Budget.

BUDGET OVERVIEW

The FY 2017/18 proposed budget for the Council is approximately \$139k, an decrease of \$9k from the projected FY 2016/17 year-end total. The decrease is due primarily to the scheduled election in FY 2016/17. Councilmembers are paid a small stipend per meeting attended. The budget for FY 2017/18 is based on the maximum number of meetings anticipated for the year.

ADMINISTRATION

Note: The Technology Support Technician and the part-time Audio-Visual Technician positions are budgeted in Technology Maintenance & Replacement Internal Service Fund.

ADMINISTRATION

The City's Administration includes the City Attorney, City Manager, and the Administrative Services Department. Each entity contributes to the professional leadership of the organization, implementation of City Council policy objectives, and administration of City services and programs. The City's Administration works closely and provides support to other City departments with the goals of ensuring the professional delivery of quality public services; an efficient, responsive, and accountable government; fiscal stability; economic vitality; quality of life; and effective citizen engagement.

SUMMARY OF SERVICES

The City's Administration is a General Government support function. In addition to the City Manager and City Attorney, the City's Administration is comprised of the Administrative Services Department which has five full-time staff members: Administrative Services Director, City Clerk, Human Resources Technician, Administrative Assistant, Technology Support Technician, and one half-time staff member (Audio-Visual Technician). The Administration budget includes appropriations for the City Manager, the City Attorney (a contracted position), and the Administrative Services Department. Funding for the Technology Support Technician and the part-time Audio-Visual Technician is presented in the City's Technology Maintenance & Replacement Internal Service Fund.

Fort Bragg has a Council-Manager form of government. The Council works collaboratively to set key City policies and priorities, pass ordinances, approve new projects and programs, and adopt the annual budget. The City Manager is responsible for day-to-day administration, including implementing Council policies, advising the Council and making professional recommendations on Council decisions, formulating the budget, and ensuring sound and effective management of City staff and resources.

The City contracts with Burke, Williams, Sorenson, LLP, a firm specializing in municipal law, for City Attorney services. The City Attorney is appointed by the City Council. The City Attorney provides professional legal services to the City Council, the City Manager, the departments of the City, and the Planning Commission. Services include attending public meetings, providing legal opinions, reviewing and drafting legal documents and contracts, providing advice regarding public officials' conflicts of interest, providing advice regarding personnel and labor law issues, leading negotiations on behalf of the City Council with the City's represented employee groups and representing the City in litigation and before courts and administrative agencies. The City Attorney assigns legal work to various specialists in the firm or to outside counsel, as needed.

The Administrative Services Department is responsible for a wide array of administrative services including: technology infrastructure development and management; administration of the Public, Education and Government channel; employee/labor relations; contract negotiations; personnel and administrative policies and regulations; employee benefits administration; personnel recruitment and retention; employee classification, compensation and evaluations; risk management; assistance with budget preparation and monitoring; preparing agenda packets and maintaining official records; responding to public records requests; monitoring compliance with Fair Political Practices Commission requirements; preparing ordinances for codification; maintaining the City's official website and social media pages; maintaining updates to the Fort Bragg Municipal Code; monitoring the City's safety programs and protocols; and assisting the City Manager and other departments on an as-needed basis.

STRATEGIC GOALS AND OBJECTIVES

- Exercise overall responsibility for sound and effective management by City government. Recommend administrative, fiscal and operational policies to the City Council to improve the efficiency and effectiveness of the City's operations.
- Ensure items prepared for placement on the City Council's agenda are complete and sufficient for Council decision-making, and make appropriate recommendations on each item.

- Implement the City Council's goals and objectives by assuring that the actions and programs necessary to achieve the Council's priorities are integrated into the day-to-day work programs of City departments.
- Work with the Finance Director to ensure the timely submittal of an annual operating budget and a proposed capital budget for consideration and adoption by the City Council and Municipal Improvement District Board.
- Ensure that sound fiscal management policies are implemented throughout the organization.
- Direct administration of City personnel policies and administrative procedures including employee recruitment, retention, examination, appointment and dismissal.
- Encourage the professional development and training of all employees in order to develop competency to perform in accordance with the values of leadership, performance excellence, team building and customer service.
- Monitor and work with other City Departments to ensure the City's safety programs are deployed and compliant with requirements.
- Provide responsive, forward thinking technology services to the City's departments and secure and stable access to electronic communication, archives and documents.
- Ensure that the City is prepared for natural, civil and other emergencies and disaster by coordinating planning, training and emergency operations drills.

FY 2016/17 TOP ACCOMPLISHMENTS

- Monitored the City's financial stability including close monitoring of revenues and expenditures.
- Successfully maintained and expanded a free, reliable public WiFi network in the Central Business District.
- Significantly increased social media and website activity with the goal of increasing overall civic engagement with the City's programs and initiatives.
- Supported the City Council and other City departments in the update of several ordinances including Cannabis Manufacturing, Sonoma Clean Power, Tobacco, Transient Occupancy Tax increase and the Inland Land Use and Development Code.
- Conducted recruitments for 11 staff positions, including Engineering Technician, Planning Technician, Police Officer, Community Service Officer, Temporary Office Assistant, Seasonal Maintenance Workers, Temporary Parking Enforcement Attendant, and Temporary Associate City Engineer.
- Implemented REMIF's employee health benefit program.
- Coordinated safety training and compliance process including a full update to the City's Illness and Injury Prevention Program as well as several other required safety policies.
- Continued to update the City's Emergency Operations Plan to ensure both relevancy and accuracy.
- Coordinated various on-site vendor visits to enhance employees' understanding and use of the many benefits and programs available to them.
- Supported the Mayor's "Monday Mornings with the Mayor" meetings by streaming on Facebook Live.
- Successfully negotiated labor agreements with all of the City's employee groups.
- Oversaw preparation of a Market Research Study to help guide the City's expanded marketing and promotions programs. Continue to provide support in the development of the marketing plan and related activities.
- Helped coordinate installation of four Electric Vehicle Charging Stations in two City parking lots.
- Coordinated a sub-lease of the Skunk Depot parking lot to the North Coast Brewing Company
- Coordinated the November election including onboarding of two new Councilmembers and the passage and implementation of Measures AA & AB (TOT increase).
- Provided staff support to the Bee City USA subcommittee.
- Organized a full-day emergency preparedness "tabletop exercise" to prepare for future emergencies.

FY 2016/17 TOP ACCOMPLISHMENTS Cont'd

- Assisted with renewal of the Operating Agreement with the Mendocino Coast Recreation and Park District for the C.V. Starr Community Center.

FY 2017/18 TOP PRIORITIES

- Exercise overall responsibility for sound and effective City government. Recommend administrative, fiscal and operational policies to the City Council to improve the efficiency and effectiveness of the City's operations.
- Implement the City Council's goals and objectives by ensuring that actions and programs necessary to achieve the Council's priorities are integrated into the day-to-day work programs of City departments.
- Direct the administration of City personnel policies and procedures including recruitment, examination, appointment and dismissal.
- Monitor the City's safety programs for compliance.
- Encourage the professional development and training of all employees in order to develop competency to perform in accordance with the values of leadership, performance excellence, team building, and customer service.
- Ensure that the City is prepared for potential natural, civil and other emergencies and disasters by coordinating planning, training and emergency operation exercises.
- Expand free, downtown Wi-Fi network in both accessibility and dependency.
- Continue to enhance overall communication channels and effectiveness with the Public including increased social media and website activity.
- Provide support and assistance to Community Development Department for the City's marketing and promotion efforts.
- Be role models for ethical, honest and accountable behavior and practices.

Public Wi-Fi Installation

BUDGET OVERVIEW

The FY 2017/18 proposed budget for Administration is approximately \$851k, an increase of approximately \$38k from the FY 2016/17 projected year-end total. This increase is due to an increase in personnel costs owing mostly to merit increases for newer employees (\$32k). Non-personnel costs increased 3% or \$6k.

FINANCE DEPARTMENT

FINANCE

The Finance Department is responsible for maintaining the financial integrity of the City by providing oversight to the City's fiscal management; maintaining accurate fiscal records and reports; and providing advice regarding fiscal policies and transactions.

SUMMARY OF SERVICES

The Finance Department is a General Government support function. The Department has four full-time staff members: the Finance Director, two Government Accountants, and a Finance Technician.

The Finance Department coordinates and directs all fiscal operations of the City. This includes directing, monitoring and controlling all assets and financial operations and providing a framework for financial planning and analysis to support the operation and management of City departments. The functions of the Finance Department include utility billing, business licensing, transient occupancy tax collections, accounts payable, accounts receivable, payroll, purchase orders, financial reporting to federal, state and other outside agencies, treasury and cash management, budget preparation, budgetary control, audit liaison and oversight of other fiscal activities of the City, Municipal Improvement District #1, and the Successor Agency to the Fort Bragg Redevelopment Agency.

STRATEGIC GOALS AND OBJECTIVES

- Maintain the City's fiscal health and ensure the provision of adequate resources to fund City services for the community.
- Perform financial responsibilities in accordance with statutory regulations and standards required by State and federal regulatory agencies as well as with the Government Finance Officers Association Code of Professional Ethics.
- Account for the City's fiscal activities in an accurate and timely manner within generally accepted accounting principles (GAAP) and other legal requirements.
- Ensure completion of the City's financial statements in a timely manner.
- Assist the City Manager in preparation of a balanced budget and implementation of fiscal and budget policies established by the City Council.
- Safeguard the City's assets and invest available cash in accordance with the City Council's adopted investment policy.
- Provide financial services such as accounts payable, payroll, cash receipting.
- Accurately bill utility customers and provide friendly and helpful customer service.

FY 2016/17 TOP ACCOMPLISHMENTS

- Received the Government Finance Officers Association Distinguished Budget Presentation Award for the Fiscal Year 2016/17 budget.
- Worked closely with Public Works and Administrative Services to improve the City's long term capital, maintenance and related financial planning.
- Improved the City budget by accounting for and presenting revenues generated by each department in the departmental summaries.
- Achieved processing of accounts payable consistently every Friday (excluding holiday weeks). Enforced weekly cutoff of invoice submission to Finance (Wednesdays at noon).
- Reconciled capital project, grant and special revenue funds monthly.
- Develop and implement continuing education plan for Finance staff.

FY 2017/18 TOP PRIORITIES

- Complete Comprehensive Annual Financial Report in-house by December 31, 2017.
- Assist City Manager and City Council in exploration of the establishment of a new Storm Drain Enterprise.
- Continue staff cross-training to improve work flow and ensure staff coverage for all departmental functions in the event of planned and/or unplanned absences.
- Develop and implement continuing education plan for Finance staff.
- Train and mentor staff to support professional advancement.
- Increase departmental meetings and team-building activities.

BUDGET OVERVIEW

The FY 2017/18 proposed budget for the Finance Department is \$494k, an increase of \$64k over the projected year-end total for FY 2016/17. The departmental budget increase is due to merit increases for newer staff along with budgeted retiree payout costs (\$65k). In FY 2017/18, a small increase (\$1.5k) is proposed in the training budget which will benefit the Department's new hires as well as promote a high level of professionalism and growth.

NON-DEPARTMENTAL

The purpose of the Non-Departmental budget category is to record expenditures not associated with a specific department of the City.

SUMMARY OF SERVICES

The following expenses are included in the Non-Departmental budget: costs associated with the City's support of two Community Organizations: Public Education and Government (PEG) television services; Caspar Landfill closure and Caspar Transfer Station costs; retiree health benefits; liability and property insurance premiums; and materials and services procured for the benefit of all City departments. Beginning with the financial close of FY 2016/17, a true up of budgeted vs. actual costs in Non-Departmental will be undertaken and budgeted cost allocations will be adjusted accordingly.

BUDGET OVERVIEW

The FY 2017/18 proposed budget for City-Wide Non-Departmental (excluding transfers out) is \$1.4M, a decrease of \$227k or 14% compared to the FY 2016/17 projected total. The decrease is caused largely by the liquidation of encumbrances related to the Caspar Landfill closure costs. The liquidation occurred in FY 2016/17, resulting in a year over year variance (\$320k). This cost decrease is offset by an increase in Community Contributions made to the Noyo Center for Marine Science and the School Playing Fields rehabilitation project in connection with Measure AA and Measure AB (\$109k).

PUBLIC SAFETY - POLICE

Note: One Police Officer is assigned to serve on the Mendocino County Major Crimes Task Force.

PUBLIC SAFETY - POLICE

The Police Department renders front line emergency and non-emergency police services to the community through uniformed police officers and community service officers who provide public safety, investigate crimes and traffic accidents, arrest law violators, enforce traffic and parking regulations and provide a variety of other community-oriented policing services. The Department also provides customer service to the community and supports police operations through the administrative and business offices of the Police Department. These tasks include executive leadership, management and supervision, management of reports, telephone inquiries, statistics, employee training, property and evidence management, fingerprinting and court coordination.

DEPARTMENTAL DESCRIPTION

The Police Department currently functions with five administrative staff consisting of the Chief of Police, Police Lieutenant, Administrative Coordinator and two Police Service Technicians. The operations staff is comprised of four Sergeants, 10 Police Officers, and three Community Service Officers. One Police Officer is assigned to work with the Mendocino County Major Crimes Task Force.

The Chief and Lieutenant, with the support of the Administrative Coordinator, provide Department personnel with strategic goals and objectives, ensuring adequate staffing and equipment, ensuring training and certification in accordance with California Peace Officers Standards and Training regulations (POST), managing the Department's budget, and providing leadership direction. They also serve as liaisons between the Police Department and other City departments and with community members.

The Police Service Technicians (PSTs) ensure that all police records are kept, filed, released and purged in accordance with applicable laws. They are responsible for numerous State reports and validations; provide Live Scan fingerprinting services to the public; process and forward criminal reports to appropriate agencies; and provide information to the public. They assist the public with a wide variety of inquiries both over the phone and in person. One PST is the Department's Property and Evidence Technician who assists with the intake of property for safe-keeping and property held as evidence and oversees the release and purging/destruction of Department property. She is the Department's subpoena clerk and is responsible for all criminal and civil subpoenas received by the Department. The Department's other PST is the Records Supervisor and is responsible for overseeing all records-related activities.

The Department provides public safety services on a 24-hour a day, seven-day a week basis. The Police Officers and Community Service Officers, under the day-to-day supervision of the Sergeants, respond to calls for service, conduct investigations, and write police reports relating to those calls. They also respond to traffic accidents, traffic/parking complaints and animal control issues. They deliver a variety of prevention and awareness information to community members, service organizations and schools.

STRATEGIC GOALS AND OBJECTIVES

- Provide excellent public safety services, education and collaborative partnerships to safeguard both citizens and property.
- Maintain and enhance current service levels while providing continuing attention to employee and organizational development and community problem solving.
- Reach out to local youth by a continued partnership with the Mendocino Youth Project.
- Continue to work with the Neighborhood Watch and Downtown Watch groups to enhance communication and address needs in our community.
- Continue to educate the public on gang-related and criminal activity and prevention and provide support for CGAP (Coalition for Gang Awareness and Prevention).
- Provide mandated services for general law enforcement, code administration and emergency response.

FY 2016/17 TOP ACCOMPLISHMENTS

- Obtained grant funds to purchase two OHVs to be used on trails and beaches and the forest during search and rescue operations.
- Expanded the Department's Canine Program to two dogs and two handlers who are certified and working patrol.
- Developed programs and assignments such as K9s, Motors and SWAT participation to offer diverse assignments to our officers with the goal of retaining those we recruit.
- Achieved full staffing of the Department for the first time in many years.
- Two officers passed training necessary to be certified to work as part of the Regional SWAT unit here in Mendocino County.
- Increased our presence in the Central Business District by use of Foot Patrols and Bike Patrols.
- Partnered with the Sheriff's Police Activities League to establish a Police Cadet Program in Fort Bragg. Ten young people attended and graduated from the first two phases of the Cadet Academy.
- Supported the Neighborhood Watch program to address quality of life issues.
- Established a Community Emergency Response Team (CERT) in Fort Bragg.
- Continued to increase community awareness on a variety of issues including traffic safety and traffic enforcement in and around our schools. Identified patterns of crimes and worked with community partnerships for prevention through informational pamphlets, probation/parole gang compliance checks on local offenders.
- Continued to collaborate with Community Based Organizations and other City Departments to define effective ways to address issues related to the local homeless population which impact public safety, emergency services, personal well-being and the quality of life in our community.
- Continued to foster a strong relationship with the Mendocino County District Attorney's Office which, in turn, has committed time and resources to assist the Department with criminal prosecutions.
- Provided successful operational oversight of a multitude of specialty events including the Fourth of July Fireworks, the Holiday Lights Parade, Paul Bunyan Days weekend and the Whale Festival.
- Continued to work with local school district and the Coalition for Gang Awareness and Prevention (CGAP) on creative ways to prevent alcohol and drug use from impacting youth and young adult
- Partnered with CGAP and the Mendocino Youth Project on anti-gang efforts such as Day in the Park events.
- Developed and established a new Motor Unit consisting of three electric motorcycles.

PD Inspection

New Electric Motorcycles

FY 2017/18 TOP PRIORITIES

- Establish policies and procedures for Body Worn Camera (BWC) Program, procure and implement a BWC Program for all sworn members of the Department.
- Establish a “rest stop” at the Mendocino Coast Hospitality Center on Franklin Street to increase officer interactions with homeless people.
- Upgrade a Police Department office to provide a “soft” interview room for interacting with children and non-suspects.
- Consider establishing a Detective position for more timely and thorough felony investigations.
- Partner with Fort Bragg Unified School District to seek funding for re-establishing a School Resource Officer (SRO) position.
- Continue to develop the skills of support staff, officers, and supervisors through training, employee development, coaching and mentoring and continue to train Department supervisors and line officers to be future leaders within the Police Department.
- Continue proactive enforcement efforts on drug and gang-related criminal activity and continue the Department's involvement in and support of CGAP (Coalition for Gang Awareness and Prevention).
- Continue to be proactive in addressing issues relating to transients in commercial districts and City parks.
- Continue to assign a full time officer to the Mendocino County Major Crimes Task Force to assist with narcotics investigations and major crime cases.
- Continue to work collaboratively with the schools and service agencies to address crime prevention and public safety issues involving local youth.
- Conduct increased foot and bicycle patrols in the downtown business district.
- Continue to proactively address public safety issues on the new Coastal Trail and coordinate with other City departments on adaptive management strategies.
- Update the Department Policy Manual, Training Plan and General Orders.
- Continue to explore prisoner transport service options such as contract, retired officers, reserve officers and working with MCSO.
- Continue to work collaboratively with county-wide law enforcement agencies.

With Denton Wally – Veteran who served in Pearl Harbor

BUDGET OVERVIEW

The FY 2017/18 proposed budget for the Police Department is \$3.6M, a 4% increase from the projected FY 2016/17 total of \$3.5M. The increase is primarily due to an increase in the department's fleet allocation (\$100k). With improvements made to the long term planning and allocation of fleet costs the Police Department, as the leading user of fleet services, has been assessed a higher allocation. Additionally, costs for Animal Care and Control are expected to increase approximately \$26k due to expected settlement of prior year invoices from Mendocino County for services provided at County animal shelter. With the department fully staffed, personnel costs are expected to remain flat.

PUBLIC SAFETY - FIRE

PURPOSE

The City of Fort Bragg and the Fort Bragg Rural Fire Protection District (Rural Fire District) jointly provide fire services within their respective boundaries under a Joint Powers Agency (JPA) known as the Fort Bragg Fire Protection Authority (FBFPA). The JPA was formed in FY 1989/90. The FBFPA is a public entity that is separate and apart from both the City and the Rural Fire District. FBFPA has all of the powers relating to fire protection, fire suppression and emergency rescue authorized by law and has the power to contract for the purchase, lease, or rental of whatever services or equipment it deems appropriate for its mission. Debts, liabilities or other obligations of the FBFPA do not accrue to the two agencies that entered into the JPA.

The FBFPA's budget is approved by the FBFPA Board of Directors, the Fort Bragg City Council, and the Rural Fire District Board of Directors. Funding responsibility is shared by the City and the Rural Fire District with the breakdown of operating costs based on a three-year average call ratio. Typically, the City averages a higher percentage of calls and therefore pays a higher percentage of the FBFPA's budget.

The paid staff of the FBFPA is comprised of a Fire Chief, Fire Prevention Officer, Maintenance Engineer and Office Manager. The FBFPA has 37 volunteer firefighters who are also considered employees. Neither the Rural Fire District nor the City have employees whose job responsibilities include the provision of fire services.

BUDGET OVERVIEW

The FY 2017/18 proposed budget for the Fire Department is \$415k, an increase of \$12k, or 3% compared to the FY 2016/17 projected total.

COMMUNITY DEVELOPMENT

Note: In FY 2016/17, the Administrative Assistant position in the Community Development Department was reclassified as a Planning Technician.

COMMUNITY DEVELOPMENT

Support the sustainable development of a vibrant economy, an attractive and functional built environment, and top-notch public and private development projects by providing exemplary: 1) citywide marketing & promotions; 2) economic development, business assistance, attraction, and retention; 3) long-range planning; 4) current project permitting; 6) code enforcement; and 7) grant writing and administration.

SUMMARY OF SERVICES

The Community Development Department is comprised of five staff, including: the Community Development Director, Special Projects Manager, Associate Planner, Planning Tech and Grants Assistant. The Community Development Department serves the community by planning for Fort Bragg's future, facilitating economic development and community promotions, guiding and regulating development, and helping to plan and implement City projects. The Department's work spans a wide range of activities, including:

- **Long-Range Planning:** The Department engages the community and Council to prepare and implement long-range planning projects such as: the Mill Site Rezoning and LCP Amendment, the Fort Bragg Street Safety Plan, Wayfinding Plan, City of Trails and other projects.
- **Promotions:** The Department hires and manages the contractors and consultants who work on the City's TOT funded Promotions and Marketing Strategy. The Department also manages the Visit Fort Bragg Committee and relationships with the larger tourism sector in Fort Bragg.
- **Economic Development:** The Department has primary responsibility for implementation of the City's Economic Development Strategy (which is focused on jobs, tourism, arts and quality of life). CDC also raises and manages millions of dollars in grants for community development, economic development, planning, and capital projects. CDD also manages the City's housing and business loan programs.
- **Special Projects:** The Department seeks funding for, and oversees the planning and design process, permitting and environmental review for special projects in our community including: the Fort Bragg Coastal Trail, the Chestnut Street Multi-Use Trail, a gymnasium at the CV Starr Center, and other similar projects. The Department is also integrally involved in construction management as well for projects such as the Coastal Trail Phase I, II and III and Bainbridge Park.
- **Current Planning:** The Department works with developers, business owners, and property owners to ensure that new development proposals comply with the City's planning and zoning regulations. CDD also manages all building permits, sign permits, and undertakes code enforcement.

STRATEGIC GOALS AND OBJECTIVES

- Complete the Mill Site Reuse Planning Project.
- Manage the City's Marketing & Promotion activities.
- Implement the City's Economic Development Strategy.
- Complete the Fort Bragg Coastal Trail Project.
- Process new development, building and sign permits in a timely manner and with exceptional customer service.
- Oversee the City's Community Development Block Grant (CDBG) program.
- Seek grants for priority City projects and activities.
- Continue to undertake and implement new City projects.

FY 2016/17 TOP ACCOMPLISHMENTS

Current Planning

- Staff completed a wide variety of current planning projects, which included: preparation of staff reports for CDPs, Use Permits, Design Review and Subdivision and preparation of required MNDs and Negative Declarations;
- Staff provides effective and correct customer service at the counter and over the phone; and
- Processed and reviewed more than 175 building permits, 35 development permits, 20 sign permits and 75 code enforcement cases.

Long Range Planning

- Completed update of Inland Land Use & Development Code to make it more flexible and to update it consistent with State legislation;
- Prepared new Fort Bragg Municipal Code regulations regarding Cannabis Manufacturing;
- Initiated planning process for the reuse of the GP Mill Site; and
- Initiated preliminary planning process for the creek daylighting.

Economic Development

- Overseeing transition of Fort Bragg Marketing & Promotions activities under Measures AA/AB in coordination with Visit Fort Bragg Committee;
- Developed strategic and marketing plan for roll out of new Measure AA promotional activities;
- Followed up on Over-the-Counter CDBG loan projects;
- Undertook grant close-out process for various grants; providing on-going supervision of grant activities funded by prior CDBG grants; participated in CDBG State Advisory Committee meetings; tracked Program Income and implemented annual loan servicing requirements for CDBG-funded housing and business loans; and
- Managed CDBG Microenterprise Assistance program for West Company.

Housing

- Managed the HOME Owner Occupied Rehabilitation Program;
- Coordinated with Danco on future affordable and market rate housing project; and
- Continued to implement HELP Plus (Home Energy Link Program with water conservation), HELP H2O (payment assistance program).

Special Projects

- Obtained \$770,000 in additional grant funding for the Phase II Coastal Trail project. Managed the design of the Phase II project. Completed environmental review and permitting and negotiations for site transfer from Georgia-Pacific. Assisted with project bidding;
- Assisted with oversight of the GP Mill Site Remediation project including permitting and CEQA review for the OU C&D RAP and OUE RAW;

Coastal Trail

HELP Office

FY 2016/17 TOP ACCOMPLISHMENTS Cont'd

- Obtained \$1.3 million grant for new Water Tank project – cleared Special Conditions, completed environmental review; set up reports and other documentation for project; completed labor standards/wage compliance; finished quarterly and semi-annual grant reports; and
- Prepared and assisted with implementation of the Bainbridge Park Master Plan.

FY 2017/18 TOP PRIORITIES

- Implement the FY 2017/18 tasks identified in the City's Economic Development Strategy.
- Implement and monitor Fort Bragg Promotion Strategy and Marketing Plan.
- Initiate Mill Site Reuse Rezoning project.
- Complete Fort Bragg Coastal Trail downtown access (phase III).
- Provide exceptional customer service in the processing of all new development applications, planning permits, CEQA review, building permits and sign permits. Significant new development projects may include: Danco residential development, Hare Creek Center, Avalon Hotel, Mill Pond Remediation, and other assorted projects.
- Implement Fort Bragg Mural Competition.
- Update the Coastal General Plan and Coastal Land Use and Development Code.
- Seek new HOME Housing Rehabilitation Loan program funding.
- Continue implementation of CDBG 2016 grant-funded projects and apply for CDBG 2018 grant.
- Seek funding for other City Council priorities.

BUDGET OVERVIEW

The FY 2017/18 proposed budget for the Community Development Department is \$478k, an increase of \$16k over the FY 2016/17 projected total of \$462k. The difference is primarily related personnel costs. The department was not at full staff for the entire FY 2016/17 which will cause a year over year variance since the expectation is to be fully staffed for the entirety of FY 2017/18. Additionally, merit increases are expected for newer staff in the department. Beginning in FY 2016/17, the department has taken on significant new activities which are presented separately under Fort Bragg Tourism Marketing & Promotions.

Safe Routes to School

Fort Bragg Tourism Marketing & Promotions

Note: In the 4th quarter of FY 2016/17, a 2% increase in the City's Transient Occupancy Tax (TOT) was implemented in accordance with the voter-approved Measure AA. Consistent with the companion advisory measure (Measure AB), one-half of the new proceeds are dedicated to marketing Fort Bragg as a visitor destination.

Fort Bragg Tourism Marketing & Promotion

Promote Fort Bragg's vibrant tourism economy; strengthen the Fort Bragg tourism experience; and Increase Transient Occupancy Tax and sales tax revenues.

The Community Development Department will oversee implementation of Fort Bragg's new Visit Fort Bragg/Marketing & Promotion Plan which will substantially increase the City's marketing and promotions efforts with funding from increased Transient Occupancy Tax (TOT) revenues per the recently-approved Measures AA and AB. The draft Marketing & Promotion Plan includes the following primary tasks which will be undertaken through contracts with consultants and partner agencies:

- Branding
- Advertising
- Public Relations & Media Outreach
- Website Development
- Interactive & Social Media Marketing
- Collateral & Visitor Information
- Content Development (word/photo/video)
- Special Events

Community Development Department staff will take the lead in implementing the following components of the Plan:

- Project & Contract Management
- Coordinate the Visit Fort Bragg Committee
- Tourism Industry Communication
- Leisure Sales & Trade Shows
- Strategic Alliances
- Performance Evaluation & Measurement

BUDGET OVERVIEW

The FY 2017/18 proposed budget for the Tourism Marketing & Promotion effort is \$258k. In November 2016, the citizens of Fort Bragg passed Measure AA which increased the City's TOT rate from 10% to 12%. The citizens advised the City Council through passage of Measure AB that half of the new revenues should be earmarked for increased marketing and promotion of Fort Bragg as a visitor destination. Funds raised in the final quarter of FY 2016/17 and for all of FY 2017/18 are projected at \$262k, leaving an unbudgeted projected balance of \$4k.

PUBLIC WORKS

Notes: In FY 2017/18, a new Maintenance Worker position is added in the Public Works Department. The Mechanic position is budgeted in the Fleet & Equipment Internal Service Fund.

PUBLIC WORKS

Provide, operate and maintain essential public infrastructure, facilities and services to make everyday life as safe and convenient as possible for Fort Bragg residents, businesses, and visitors. The basic services provided by the Public Works Department include surveying, mapping, drafting, capital project inspection and management, City-owned facility and park maintenance, infrastructure and street maintenance and repair, traffic signage, water intake, treatment and distribution, storm water runoff management, and wastewater collection, treatment and discharge.

DEPARTMENTAL DESCRIPTION

The Public Works Department is organized in six divisions - Administration/Engineering, Parks & Facilities, Corporation Yard & Fleet, Street Maintenance, Water Enterprise, and Wastewater Enterprise. The Administration/Engineering Division provides administrative support, fiscal management and engineering services to the entire Public Works Department. It also is responsible for implementation of the City's Capital Improvement Program and works closely with various regulatory agencies to maintain permit compliance. The Parks & Facilities Division provides maintenance and repairs for City facilities and grounds, parks and street trees and also assists with capital projects, as needed. The Corp Yard & Fleet Division is responsible for maintenance of city streets, including painted curbs, crosswalks, and signage; maintenance and repairs of the City's wastewater collection lines, storm drains, water distribution system, utility meters, and fire hydrants. The Public Works crew also responds to sewage spills and water service line leaks. Fleet is responsible for the maintenance of all City vehicles, heavy equipment, and other large pieces of equipment owned by the City. The Public Works crew also provides support for many civic and community events. The Water and Wastewater Enterprises are operated as separate enterprises and are presented in separate sections of this budget.

STRATEGIC GOALS AND OBJECTIVES

- Provide coordinated oversight and management of six divisions within the Public Works Department.
- Ensure that employees are given essential safety training and job-skills training. Provide employees with adequate resources to safely and effectively complete their work. Implement employee policies and procedures in accordance with all federal, State, and local rules and regulations.
- Perform necessary physical and operational activities at each City-owned facility and for the City's infrastructure to meet or exceed all regulatory requirements.
- Manage and inspect the City's capital projects to ensure quality of workmanship, timeliness, and conformance with plans and technical specifications and budgetary constraints.
- Pursue additional revenue sources, strive for cost-efficiencies, and reduce costs to the General Fund and Enterprise Funds.
- Strive for energy-efficiency in the operation of all City-owned facilities and work towards implementation of sustainability measures.
- Enhance public travel by providing a safe and durable road network including pedestrian, bicycling and other modes of transportation. Provide for a smooth flow of traffic throughout the City.
- Maintain customer satisfaction and continue to be responsive to citizen inquiries and concerns.

FY 2016/17 MAJOR ACCOMPLISHMENTS

- Completed construction of the Chestnut Street Multi-use Trail project.
- Completed design and permitting for the Wastewater Treatment Upgrade Project.
- On-going maintenance and emergency repairs at the Guest House. This includes letting the contract for painting and roof replacement.
- Implemented the 10 year Fleet Replacement Plan.
- Complete replacement of the gym roof.
- Ongoing maintenance and repair of the City's, facilities, parks, fleet, storm drain, and street infrastructure.
- Completed construction of Summers Lane Reservoir and began storing water.
- Processed National Pollution Discharge Elimination System (NPDES) permit changes and performed on-going permit compliance.
- Completed installation of the City of Fort Bragg Welcome Sign and wayfinding signs.
- Hired a second Engineering Technician (reclassification of previous Water Projects Coordinator position).
- Continue to assist the C.V. Starr Center with its major maintenance projects and its capital projects program.

FY 2017/18 TOP PRIORITIES

- Construct the 2017 Streets & Alley Rehabilitation Project.
- Assist Community Development Department with design and oversee construction of the next phase of the Coastal Trail.
- Coordinate with Community Development Department for implementation of the Bainbridge Park Improvement Project.
- Complete engineering for repair and replacement of the City's raw water lines.
- Complete engineering for Water Treatment Plant Overhaul Project.
- Award construction contract for the Wastewater Treatment Facility Upgrade Project.
- Complete engineering and construction of a new 1.5 million gallon finished water tank.
- Replace four vehicles and one generator within the fleet.
- Continue with essential repair and maintenance work at the Guest House. This will include exterior painting, roof replacement, siding repairs and improvements to the foundation.
- Perform exterior maintenance and painting of City Hall.
- Construct necessary improvements to stabilize City Hall East.
- Continue pothole repair and alley maintenance as part of a focused street maintenance program.
- Continue minor storm drainage repairs/improvement program.
- Continue to provide assistance for C.V. Starr Center for maintenance and capital projects.
- Continue coordination with Community Development to provide timely processing of development applications.

BUDGET OVERVIEW

The Public Works Department budget for FY 2017/18 totals \$1.7M which is an increase of 5% over the FY 2016/17 projected total of \$1.6M. Personnel costs are expected to increase by \$55k. The increased cost is a result of the Public Works Manager position being reclassified in FY 2016/17 to Assistant Public Works Director, the part-time Water Project Coordinator being reclassified as a full-time Engineering Technician as well as merit increases for newer employees. Additionally, fleet costs are expected to increase in FY 2017/18 by approximately \$20k. As the FY 2017/18 Budget was prepared, improvements were made to the long-term planning and allocation of fleet costs. With the plan now covering ten years, a longer time horizon is considered resulting in a higher annual allocation.

FACILITIES REPAIR & MAINTENANCE

INTERNAL SERVICE FUND

The Facilities Repair & Maintenance Internal Service Fund accounts for all costs associated with the maintenance of public buildings, including preventative maintenance and on-going maintenance. These services are primarily performed by the City's Public Works staff.

DEPARTMENTAL DESCRIPTION

The Public Works Department serves City staff and the community through the maintenance and repair of public facilities. Examples of tasks include repair and maintenance of heating and ventilation systems, repair and maintenance of plumbing systems; upgrades to ensure reliable electrical power, replacement of plumbing fixtures, light fixtures, carpentry, roofing, flooring and painting.

STRATEGIC GOALS AND OBJECTIVES

- The primary goal of the Public Works Department's Facilities Repair & Maintenance Internal Service Fund is to provide quality and efficient maintenance that fosters a safe and positive atmosphere for our employees and the citizens of Fort Bragg.
- Procure products and equipment that are safe to use and provide for a long-term investment at a reasonable cost.
- Identify future needs and prioritize according to safety and available funding.
- Improve internal and external communications.
- Stay current with trends in technology.

BUDGET OVERVIEW

The FY 2017/18 proposed budget for the Facilities Repair & Maintenance Internal Service Fund (including transfers from the reserve to fund capital projects) is \$492k. In FY 2015/16, a 10-Year Financial Plan was developed which informs the annual funding requirement. FY 2017/18 includes a heavy workload as the City continues to address previously deferred projects. Capital Projects financed by the Facilities Repair & Maintenance Internal Service Fund include completion of the Guest House Rehabilitation (\$70k), completion of the City Hall Rehabilitation (\$17.5k) and completion of the City Hall East Structural Rehabilitation (\$226k).

Pursuant to the City's Fund Balance and Reserve Policy, the unrestricted fund balance in the Facilities Repair & Maintenance Internal Service Fund is transferred to a reserve within the Internal Service Fund which is intended to help pre-fund large purchases and repairs and avoid big annual swings in funding needs. In FY 2017/18, the capital reserve will be drawn down by \$252k. Based on the Fund's 10-Year Financial Plan, the draw-down is practical.

Notes:

*Overhead Allocations assume a 1% increase annually starting with FY18/9 over FY17/18

*Salary and Benefits Allocation assumes a 5% increase annually starting with FY18/9 over FY17/18

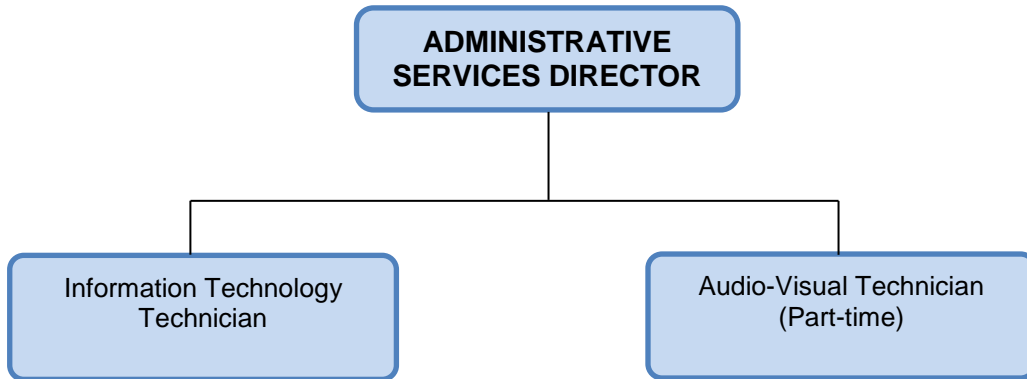

* Project work that benefits all three operating funds are charged 50% to the General Fund and 25% to each of the two utility funds

* Project work that can be attributed to a single fund are charged 100% to that fund

* Overhead, Salary and Benefits allocations are charged 50% to the General Fund and 25% to each of the two utility Funds

TECHNOLOGY MAINTENANCE & REPLACEMENT INTERNAL SERVICE FUND

TECHNOLOGY MAINTENANCE & REPLACEMENT

INTERNAL SERVICE FUND

The Technology Maintenance & Replacement Internal Service Fund accounts for all costs associated with the internal computing and technological resources for all departments throughout the City.

INTERNAL SERVICE FUND DESCRIPTION

The Technology Maintenance & Replacement Internal Service Fund's costs include hardware, software and service contracts associated with the City's computers and information technology infrastructure as well as personnel costs for the City's Information Technology division which resides in the Administrative Services Department. The Information Technology division is responsible for the following:

- Workstation administration
- Server administration
- Network infrastructure administration
- Telecommunication administration and installations
- Cloud services support
- Software and database maintenance and backup
- Asset tracking for IT equipment
- Social media and website maintenance
- Live streaming and AV production of City meetings
- Technical support for City/PD users and presenters at public meetings
- Public WiFi administration and support
- Digital file archiving and distribution
- Public Access TV hardware allocation and administration

FY 2016/17 TOP ACCOMPLISHMENTS

- Migration of Bainbridge Park security system server to City Hall with a Bridge Connection to park cameras.
- Installed security cameras at Town Hall.
- Provided Public Works and Police Department staff with new smart phones.
- Rolled out 4G connected iPads to Water Department for remote equipment monitoring.
- Deployed new SCADA Workstation at Water Treatment.
- Built new SCADA computer for Waste Water Treatment Facility.
- Began Email Server upgrade and virtualization.
- Configured and installed new Bridge for City Hall to Police Department data communications.
- Upgraded City's GIS system with a cloud component
- Began implementation of Adobe software as a service.
- Managed and maintained public Wi-Fi in the downtown area.
- Provided IT support to all City staff.
- Live-streamed City Council and Planning Commission meetings.
- Live-streamed Council Committee meetings.
- Set up Facebook Live for Monday Morning Meetings with the Mayor and archive on City's YouTube channel.
- Created GovDeals surplus auction account.
- Enhanced City's website by continuously updating content and overall relevancy of the site.
- Enhanced social media presence including increased Facebook activity and implementation of Instagram and Twitter as active social media channels for the public to engage with the City.
- Updated the City's servers and overall network speed and reliability to help ensure a highly productive and effective City staff.

- Implemented numerous upgrades to software and hardware to enhance staff productivity.

FY 2017/18 TOP PRIORITIES

- Continue to expand Downtown Wi-Fi.
- Support the PEG Channel and increase number of meetings streamed live on the website.
- Further enhance the City's website features and relevance to the public including continued improvement across the City's social media channels.
- Upgrade Office Productivity suite to Version 2016.
- Upgrade email server to Version 2016 On-Prem.
- Begin attrition based upgrade to Windows 10 Professional.
- Increase City Hall and Town Hall Internet/Cloud access speed
- Update and enhance the City's back-up procedures for all digital information and systems ensuring secure and reliable continuity of operations in the event of a system-wide crash and/or natural disaster/emergency.
- Provide professional and dependable IT support to all City departments, personnel, initiatives and programs.

**BUDGET OVERVIEW**

The FY 2017/18 adopted budget for the Technology Maintenance & Replacement Internal Service Fund before transfers is \$370k, an increase of \$17k or 5% compared to the FY 2016/17 projected balance. Personnel costs are up slightly (\$7k) offset by overall lower hardware costs (\$17k). The budget includes \$13k to purchase a new GIS enabled GPS device. In FY 2017/18 the accounts used to track Information technology were updated to better reflect the IT function. Hardware, Software and Software support accounts were added and will replace the Professional Services and Equipment Repair and Maintenance accounts going forward.

Pursuant to the City's Fund Balance and Reserve Policy, the unrestricted fund balance in the Technology Maintenance & Replacement Internal Service Fund is transferred to a reserve within the Internal Service Fund which is intended to help pre-fund large purchases and repairs and avoid big annual swings in funding needs. In FY 2017/18 the capital reserve will be drawn down \$17.9k. Based on the Fund's 5 Year financial plan the draw down is more practical.

FLEET & EQUIPMENT SERVICES INTERNAL SERVICE FUND

FLEET & EQUIPMENT SERVICES

INTERNAL SERVICE FUND

The Fleet & Equipment Services Internal Service Fund is responsible for acquisition, maintenance and repair of the City's fleet vehicles and equipment. Services include scheduled preventive maintenance, welding and fabrication, diagnostic and emissions testing, auto parts warehouse and inventory functions. These services are performed by the City's Mechanic.

DEPARTMENTAL DESCRIPTION

Fleet & Equipment Services is responsible for ensuring functional, reliable and economical vehicles and equipment necessary for the conduct of City operations; providing vehicle and equipment specifications for bidding purposes, assisting with vehicle and equipment auctions, and preparing and administering the annual fleet budget. In addition Fleet & Equipment Services coordinates the following external services: paint and body repair, engine and transmission repair/rebuild, heavy duty suspension service, air conditioning service, and glass replacement.

STRATEGIC GOALS AND OBJECTIVES

- Provide necessary maintenance and repair to City's fleet vehicles and equipment, including: electrical repairs, engine tune-up, tire replacements, brake replacements and adjustments and other general maintenance work.
- Account for and track all costs and assist Finance Department with preparation of year-end cost allocations.
- Provide recommendations to reduce vehicle miles traveled, fleet vehicle emissions, use of petroleum-based fuels, including the purchase of alternative fuel vehicles and hybrids whenever possible.
- Provide regular inspection and maintenance of the City's fleet and equipment. City staff maintained 24 public work vehicles, 22 police vehicles, three city hall vehicles and eight trailers. Vehicles include forklifts, backhoes, a dump truck, mobile and stationary generators, and a street sweeper. Small equipment is also included in the maintenance program such as small generators, mobile pumps, mowers and 30 small engines on equipment to name a few.

FY 2016/17 TOP ACCOMPLISHMENTS

- Eleven vehicles were sold or donated.
- Completed a second K9 unit installation.
- The street sweeper was replaced and two Public Works trucks were purchased.
- Completed a ten-year fleet replacement plan.
- Four Police vehicles were purchased, two of which were funded by Asset Forfeiture funds.

FY 2017/18 TOP PRIORITIES

- Reduce maintenance costs by removing lightly used vehicles from the fleet.
- Consider vehicle storage options to maximize vehicle life and increase resale value.
- Research alternative fuel vehicles and hybrids when replacement is necessary.
- Purchase vehicles that are more fuel-efficient, whenever possible.

BUDGET OVERVIEW

The FY 2017/18 proposed budget for the Fleet & Equipment Services is \$433k, a decrease of \$217k or 33%, compared to the FY 2015/16 projected year end. The decrease is attributable largely to the purchase of a new street sweeper (\$260k) in FY2016/17. Fleet equipment is purchased according to the Fleet long term plan and year to year swings in expenditures are to be expected. In FY 2015/16 a three-year plan was developed which informed the annual funding requirement. In FY 2017/18, the long-term plan was increased to 10 years to provide better long term financial planning.

Pursuant to the City's Fund Balance and Reserve Policy, the unrestricted fund balance in Fleet & Equipment Services Internal Service Fund is transferred to a reserve within the Internal Service Fund which is intended to help pre-fund large purchases and repairs and avoid big annual swings in funding needs. In FY 2017/18, the capital reserve will be drawn down \$4.7k. Based on the Fund's 10-Year financial plan, the draw down is practical.

CITY OF FORT BRAGG

DEBT MANAGEMENT POLICY

Introduction

The City of Fort Bragg and the Fort Bragg Municipal Improvement District No. 1 (collectively referred to as the “City”) have adopted the following “Debt Management Policy” which is intended to guide decisions related to debt issued by the City. Debt issuance should be evaluated on a case-by-case basis as well as within the context of the City’s overall capital structure and policy objectives. Adherence to the Debt Management Policy is necessary to ensure that the City maintains a sound debt position and that it protects the credit quality of its debt obligations.

Goals and Objectives

The Debt Management Policy formally establishes parameters for issuing debt and managing a debt portfolio which recognizes the City’s specific capital improvement needs, ability to repay financial obligations, and legal, economic, financial and capital market conditions. Specifically, the Debt Management Policy is intended to assist the City in the following:

- Promoting sound financial management through accurate and timely information on financial conditions,
- Evaluating critical debt issuance options,
- Protecting and enhancing the City’s credit rating.

The policies outlined in the Debt Management Policy are a tool to help ensure that adequate financial resources are available to support the City’s long-term capital needs.

Principles of Debt Management and Debt Issuance

Factors to be considered when evaluating issuance or refunding of debt will include:

- Intergenerational equity,
 - Compliance with the City’s reserve policies,
 - Cost of on-going maintenance of new projects,
 - Forgone interest earnings from the use of cash reserves or investments,
 - Debt service requirements and affordability.
- The City will manage its debt to ensure high credit quality, access to capital markets, and financial flexibility.
 - The City will seek to fund a portion of its overall capital program from current resources (pay-as-you-go) and reserves, depending upon the specific projects, annual budgetary constraints and availability and rate of investment earnings.
 - The City will consider the use of debt in those cases where public policy, equity, and economic efficiency favor debt over cash (pay-as-you-go) financing.
 - The City will not construct or acquire a facility or capital improvements if it is unable to adequately provide for the subsequent annual operation and maintenance costs of the facility.
 - The City will not fund working capital (general fund) reserves, or operating and maintenance costs through the issuance of debt.
 - The City will utilize a multi-year capital financing plan to determine the affordability of debt. The capital financing plan will provide a multi-year forecast which shall include, but not be limited to; description of sources of funds; availability of current revenues, timing of capital projects, and debt service requirements.

Standards for Use of Debt Financing

City Council Consideration. The City Council shall endeavor to receive sufficient information about debt financing to understand the short- and long-term ramifications of each debt issuance. The Council shall meet as necessary with the City Manager, Finance Director and other appropriate advisors, if deemed necessary, for the purpose of reviewing and making a final determination related to each debt issuance.

Long-Term Capital Projects. The City Council will consider the use of debt to finance long-term capital projects only when paying for the facilities or equipment over their useful life and concurrent with the benefits derived from the use of such facilities, and when project revenues or specific resources will be sufficient to service the long-term debt. The final maturity of the bonds shall not exceed the expected useful life of each project.

Special Circumstances for Debt Issuance. Debt may be used in special circumstances for projects other than long-term capital projects (as an example, for pension obligations) only after careful policy evaluation by the City.

Debt Financing Mechanisms. The City will seek to utilize the most cost advantageous financing alternative available, taking into consideration policy objectives. The Finance Director shall evaluate the use of all financial alternatives available, including, but not limited to long-term debt, pay-as-you-go, joint financing, reserve fund releases, lease-purchase, special districts, special assessments, state and federal aid, tax-exempt leasing, public/private partnerships, and State revolving loan programs. The recommendation of the Finance Director shall be submitted to the City Manager and a staff recommendation shall be submitted to the Council.

Methods of Issuance. The City will determine, on a case-by-case basis, whether to sell its bonds competitively or through negotiation.

Credit Quality. All City debt management activities will be conducted to receive the highest credit ratings possible, consistent with the City's financing objectives and, at a minimum, to maintain current credit ratings assigned to the City's debt by the major credit rating agencies.

Debt Capacity. The City will carefully monitor its level of general purpose debt. Because the City's general purpose debt capacity is limited, it is important that the City only use general purpose debt financing for high-priority projects where other financing methods cannot be used. In evaluating debt capacity, general purpose annual debt service payments shall not exceed 10% of General Fund revenues. The City's Enterprise Fund debt capacity will be evaluated as an integral part of the City's rate review and setting process. The City will set Enterprise Fund service rates at levels needed to fully cover debt service, operations, maintenance, administration and capital improvement requirements.

Financing Criteria

When the City determines that the use of debt is appropriate, the following criteria will be utilized to evaluate the type of debt to be issued:

Pay-As-You-Go Financing. The City will consider Pay-As-You-Go Financing if current revenues and adequate fund balances are available or project phasing can be accomplished. Other factors to be considered include: current debt levels, the effect of additional debt on the City's credit rating, anticipated difficulties in marketing debt, and stability of market conditions.

Long-Term Debt. The City may issue long-term debt, when required capital improvements cannot be financed from current revenues or reserves without having an impact on the City's financial stability and/or operating flexibility. Long-term borrowing should not be used to finance current operations or normal maintenance and repairs.

Variable Rate Debt. To maintain a predictable debt service burden and rate structure, the City may give preference to debt that carries a fixed interest rate. The City, however, may consider variable rate debt, especially in periods of high interest rates, or when the revenue stream for repayment is variable.

Interfund or Short-Term Debt. Interfund or short-term borrowing may be utilized for temporary funding of operational cash flow deficits or anticipated revenues. Short-term debt may be used when it provides an interest rate advantage or as interim financing until market conditions are more favorable.

Terms and Conditions of Bonds

The City shall establish all terms and conditions relating to the issuance of bonds, and will control, manage, and invest all bond proceeds. Unless otherwise authorized by the City Council, the following shall serve as bond requirements.

Maturity/Term. All capital improvements financed through the issuance of debt will be financed for a period not to exceed the useful life of the improvements, but in no event will the term exceed 40 years.

Debt Service Structure. Debt issuance shall be planned to achieve relatively rapid repayment of debt while still matching debt service to the useful life of facilities. The City shall avoid the use of bullet or balloon maturities

except in those instances where these maturities serve to meet aggregate debt service structuring objectives. Debt service should be structured primarily on an aggregate level annual basis, as opposed to on an escalating or deferred basis.

Coupon Structure. Debt may include par, discount, premium and capital appreciation bonds. Discount, premium, and capital appreciation bonds must be demonstrated to be advantageous relative to par bond structures.

Call Provisions. The City's securities should include an optional call feature, which typically is no later than 10 years from the date of delivery of the bonds. The City will avoid the sale of non-callable bonds absent careful evaluation by the City and its financial advisor with respect to the value of the call option.

Bond Insurance / Credit Enhancement. The City shall have the authority to purchase bond insurance or credit enhancement when such purchase is deemed prudent and advantageous. The determination shall be based on the net present value debt service cost comparison of insured/enhanced bonds versus uninsured/unenhanced bonds.

Debt Service Reserves. A reserve fund shall be funded from the proceeds of each series of bonds, subject to federal tax regulations and in accordance with the requirements of credit enhancement providers, rating agencies, and investor demands. The reserve fund shall be treated as a Restricted Reserve as defined in the City Reserve Policy. The City shall have the authority to purchase reserve equivalents (i.e., the use of a reserve fund surety) when such purchase is deemed prudent and advantageous. Such equivalents shall be evaluated in comparison to cash funding of reserves on a net present value basis, taking into account the impact of investments and arbitrage rebate considerations.

Refinancing Outstanding Debt

The Finance Director shall analyze outstanding bond issues for refunding opportunities that may be presented by underwriting firms. The City will consider the following issues when analyzing possible refunding opportunities:

Debt Service Savings. The City will refund debt when it is in the best financial interest of the City to do so. The City shall evaluate each refunding opportunity based on net present value savings, which shall take into account foregone interest earnings, all costs related to the refinancing, and arbitrage implications (i.e., net-to-net savings).

Restructuring. The City will only consider restructuring when it can be demonstrated that a proposed structure will assist the City in meeting at least one of several goals, including: meeting unanticipated revenue expectations, achieving cost savings, mitigating irregular debt service payments, releasing reserve funds or removing restrictive bond covenants.

Term of Refunding Issues. The City will refund bonds within the term of the originally issued debt. However, the City may consider maturity extension when necessary to achieve a desired outcome, provided that such extension is legally permissible. The City may also consider shortening the term of the originally issued debt to realize greater savings. The remaining useful life of the financed facility and the concept of intergenerational equity should guide this decision.

Escrow Structuring. The City shall utilize the least costly securities available in structuring refunding escrows.

Arbitrage. The City shall take all necessary steps to optimize escrows and to minimize negative arbitrage in a refunding escrow, including evaluating the risks and benefits of an economic versus legal defeasance.

Market Relationships

Rating Agencies and Investors. The Finance Director shall be responsible for maintaining the City's relationships with rating agencies (i.e., Moody's Investors Service, Standard & Poor's and Fitch).

Continuing Disclosure. The City shall remain in compliance with Securities Exchange Commission (SEC) Rule 15c2-12 by filing its annual financial statements and other financial and operating data for the benefit of its bondholders within the deadlines imposed by Rule 15c2-12. The City shall provide this information to the Municipal Securities Rulemaking Council (MSRB) Electronic Municipal Market Access Website (www.emma.msrb.org). The City will make this information available on its website.

Record Keeping/Reporting. The City shall maintain a repository for all debt-related records, which includes: all official statements, ordinances, indentures, trustee reports, leases, etc. for all City debt in electronic format. To the extent that official transcripts incorporate these documents, possession of a transcript will suffice.

Arbitrage Rebate. The City will account for all interest earnings in debt-related funds. The use of bond proceeds and their investments shall be monitored to ensure compliance with all debt covenants, legal requirements, and IRS arbitrage regulations. The City will endeavor to make investments that maximize the amount of the interest earnings it can retain (under IRS regulations) for all bond funds. The Finance Director shall ensure that proceeds and investments are tracked in a manner which facilitates accurate calculation and timely payment of rebates, if applicable.

Procurement and Selection of Financing Team

The City shall procure professional services as required to execute financing transactions and to provide advice on non-transaction related work. The City shall establish selection criteria for selecting its financing team members, which include financial advisor, bond counsel, and underwriter. The criteria may include, but are not limited to:

- Professional excellence,
- Demonstrated competence,
- Specialized experience performing similar services for California agencies,
- Education and experience of key personnel to be assigned,
- Geographic proximity,
- Staff capability,
- Ability to meet schedules,
- Nature and quality of similar completed work of the firm or individual,
- Reliability and continuity of the firm or individual.

Note: Definitions to financial terms used in this policy are found in the Glossary section of the budget.

FORT BRAGG MUNICIPAL IMPROVEMENT DISTRICT

\$770,000

1998 Wastewater Revenue Bonds

710-4712

Date: April 13, 1998

Interest: Semiannual each October and April, commencing October 1, 1998. Interest rates range from 3.75% to 5.30%.

Maturity: October 1, 2018

Rating: Standard and & Poor's AAA/Negative

Purpose: To acquire and construct capital improvements to the District's wastewater system.

Security: The Bonds were issued by the Association of Bay Area Governments (ABAG) whereby ABAG issued revenue bonds on behalf of the City. The Bonds are an obligation of ABAG and payable solely from and secured by revenues that consist primarily of payments on an installment obligation of the City.

Fiscal Agent: Union Bank of California, N.A.

Disclosures: The City's Annual Financial Report is due no later than 210 day after the end of the City's Fiscal Year. CITY OF FORT BRAGG INTERFUND LOAN POLICY

The purpose of the City's Interfund Loan Policy is to specify the principles under which interfund loans may be considered and approved. The policy specifies the terms and conditions, it summarizes the due diligence necessary prior to the loan and provides guidance as to the repayment and accounting for these loans. This policy was designed to avoid the problems in interfund loans experienced in the past, facilitate future loans in a structured manner and set clear accounting rules for these loans. The principles of City's Interfund Loan Policy are as follows:

- a. The City Council shall act by resolution to approve any proposed interfund loan. All interfund loans must be documented by formal agreements that specify the terms and conditions. The loan amount shall be approved at the amount minimally necessary to ensure the completion of the project for which the funding is required.
- b. All interfund loans shall be interest bearing and the amount of interest to be paid on the loan must be at least equal to the investment earnings the fund making the loan would have received had the loan not occurred.
- c. The term of an interfund loan shall be established by the City Council and typically shall not exceed five years.
- d. All interfund loan proposals require a feasibility analysis demonstrating that:
 - The borrowing fund has the capacity to repay the debt;
 - The lending fund has the capacity to lend the funds, beyond its own operating and capital needs; and
 - The loan does not violate any debt covenants or other provisions of the borrowing and lending funds.
- e. As part of the due diligence, each loan proposal must demonstrate that the loan can be repaid. It is important to avoid masking an operating deficiency in one fund with an interfund loan from another fund. This is the centerpiece of the policy, which seeks to avoid loans that fail the fundamental test of performance (repayment) under the contract.
 - If a feasibility analysis does not show that the loan can be safely repaid, the appropriate recommendation may be a revenue enhancement or another correction of the underlying reason for the funding deficiency. An alternative financing recommendation may be a fund balance donation. This requirement is also intended to identify conflicts with specific restrictions or requirements pertaining to certain funds. Such conflicts may arise from applicable debt covenants, fiduciary requirements on funds held by the City or legal hurdles that the funding needs to overcome.
- f. There is to be no prepayment penalty, the interest is to be paid quarterly, and principle payments are subject to the feasibility analysis cash projections.
- g. The interest expense from interfund loans is to be treated as user fund expense, while the interest income is to be treated as interest revenue to the loaning fund.

INTERFUND LOAN SUMMARY

WW Fund to General Fund
710→110

Date:	July 1, 2017
Loan Amount:	\$187,105
