

[PORTION OF] **Article 10**

Definitions

C. Definitions, “C.”

Cannabis. Shall have the same definition as defined by State law.

Cannabis Manufacturing. A process where cannabis is transformed into a product (such as food, medicine, oil, clothing, textile, etc.), and the production, preparation, propagation, or compounding of cannabis or cannabis products, directly or indirectly.

Cannabis, Retail. The sale of cannabis goods to the public for use and consumption, and not for resale.
