Subject: Public Comment - Special City Council Budget Workshop meeting

Dear Mayor Peters and City Councilmembers~

Although I don't see a public comment period included in the agenda for today's Special City Council Budget Workshop meeting, I do hope that you are accepting public comments as you have in the past. If so, here is my comment:

I would like to respectfully request that you rescind the freezing of the open police officer position. I believe you would all agree that public safety is a cornerstone of a healthy community and vital emergency services are necessary to safeguard our citizens. I hope you will show that safeguarding our citizens is a high priority by unfreezing the vacant position in the Police Department.

I appreciate the challenge you face to keep Fort Bragg financially healthy and I ask that you continue to support our vital safety and public works departments to keep Fort Bragg healthy in all aspects.

Sincerely~

Kathy Silva
Fort Bragg resident
