

## **Recommended Action Step - In Summary**

### **Governance and County-wide Strategy Recommendations**

- 1 - Need to Develop a Common Understanding of the Scope, Scale and Structure of the Problem, and Need to Use Common Nomenclature in Order to Improve Decision Making
- 2 - Gain “Buy-in and Agreement” for One Overarching Strategic Action Plan with Specific Action Steps by Most of the Community and Key Stakeholders
- 3 - Move from Tactical One-off Decision Making to Strategic Decision Making Based on Data
- 4 - Move from Agency-Centric to System-Centric Decision Making (Need More Collaboration and Less Silos)
- 5 - Reduce Duplication of Services While Increasing Agency Specialization
- 6 - Need to Operate at Maximum Capacity by Increasing Utilization of the Overall System
- 7 - Need to Fully Build-out and Then Robustly Utilize HMIS
- 8 - Encourage All Organizations and the General Public to Engage, Rather Than Enable Individuals Experiencing Homelessness
- 9 - Improve Strategic Coordination Between the County and Cities (Need More Collaboration and Less Silos)

### **Clinical Recommendations**

- 10 - The Different Cohorts Need To Be Treated Differently Based on Clinical Needs
- 11 - Establish System-wide Service Eligibility and Triage Criterion (with Emergency Protocols)
- 12 - Whenever Possible, Separate Children from Chronic Adults
- 13 - Create a County-wide Virtual Master Case Management System
- 14 - Create Street-Level Outreach Team Capacities, Especially in Ukiah
- 15 - Create/Source Meaningful Mental Health and Substance Abuse Rehabilitation Slots
- 16 - Need Only One Day-Service-Center in Ukiah

### Sheltering and Transitional Housing Recommendations

- 17 - Must Have a Winter Shelter in Ukiah, However it Is Inconclusive If an Extreme Weather Shelter Is Needed in Fort Bragg
- 18 - Need to Strategically Optimize Placement at Willow Terrace When it Opens
- 19 - Source New Housing Opportunities of All Types Whenever Possible

### Public Space Issues

- 20 - Have a Zero Tolerance Approach to Encampments
- 21 - Address the Issue of Stolen Shopping Carts
- 22 - Engage Van-campers, and Impound Vehicles When Necessary
- 23 - Engage Car-campers

### Longer Term Recommendations

- 24 - After the Willow Terrace Opens, After Duplication is Reduced, and After Utilization is Increased, then Re-look at the Overall System Volume Needs
- 25 - Need to Conduct Deeper Data Dives Into the Issues of Employment, Out-of-towners and High Levels of Chronicness
- 26 - Replicate the Data Analyses Within This Study in the Remainder of the County
- 27 - Create and Implement a Public Relations Campaign in Order to Engage the General Public as a Proactive Partner with this Effort
- 28 - Set Up a Feed Back Loop to Guide Ongoing Improvements . . . Set Up a Checkup Plan

4/19/18

Please add these signatures to  
The packet for Wednesday 4/20/18  
10:AM Safety meeting.

Thank you  
Dawn Ferrara

We believe the transient population in Fort Bragg has become a huge problem and feel there must be a better of dealing with the population that has migrated to the City of Fort Bragg. Our local Police Department is stretched to the limit answering calls related to transients. We feel following the guidelines of the report Dr. Marbut prepared would aid in giving our local Police Department better ways to deal with the problems being created by transients. Some of the problems include but are not limited to: panhandling, loitering, jumping in and out of traffic, blocking sidewalks, stealing shopping carts, encampments, shoplifting, trespassing and littering. We are asking that the City of Fort Bragg put in place the solutions Dr. Marbut has suggested in his report.

We believe the transient population in Fort Bragg has become a huge problem and feel there must be a better of dealing with the population that has migrated to the City of Fort Bragg. Our local Police Department is stretched to the limit answering calls related to transients. We feel following the guidelines of the report Dr. Marbut prepared would aid in giving our local Police Department better ways to deal with the problems being created by transients. Some of the problems include but are not limited to: panhandling, loitering, jumping in and out of traffic, blocking sidewalks, stealing shopping carts, encampments, shoplifting, trespassing and littering. We are asking that the City of Fort Bragg put in place the solutions Dr. Marbut has suggested in his report.
