AGENDA ITEM SUMMARY

TITLE:

Receive Report and Consider Adoption of City Council Resolution Approving Amendment No. 5 to the Franchise Agreement with Waste Management

ISSUE:

The City's Franchise Agreement (Agreement) with USA Waste of California, Inc., DBA Empire Waste Management (Waste Management) dated January 8, 2007, sets forth the services provided to customers within City limits and the original pricing in 2007 in Exhibit A. Over time, Waste Management has received and accommodated requests for more frequent weekly service for commercial customers than was originally considered when the Agreement was executed.

Amendment No. 5 to the Franchise Agreement adds those more frequent services to Exhibit A of the Agreement.

ANALYSIS:

Waste Management has commercial customers that require more frequent than the twice or three times a week pick up of waste and recyclables provided for in Exhibit A to the Franchise Agreement. The additional services and rates contained in Amendment No. 5 provide for pick up three, four and five times a week, if so desired by the commercial customer.

This Amendment simply brings the services provided for in the Franchise Agreement current with the services provided. Technically, Waste Management could provide the services desired by layering already provided for services in multiples. For example, if a business needed service four days a week, it could order two – two day a week pickups. The requested rates provided for in Amendment No. 5 allow for better pricing for the customer than the layering described.

RECOMMENDED ACTION:

Staff recommends that the Council adopt a Resolution to approve Amendment No. 5 to the Franchise Agreement with Waste Management.

ALTERNATIVE ACTION(S):

Do not approve the Resolution.

FISCAL IMPACT:

There is no fiscal impact to the City.
