

Att 2: Conceptual Glass Beach Stairs Construction Techniques

Option 1: Gabion Basket Stairs

Staff developed a conceptual drawing of how the Gabion Baskets could be deployed on site to provide pedestrian access to Glass Beach. About 40 baskets will be installed into the bluff face and overlap each other as illustrated by the conceptual design below.

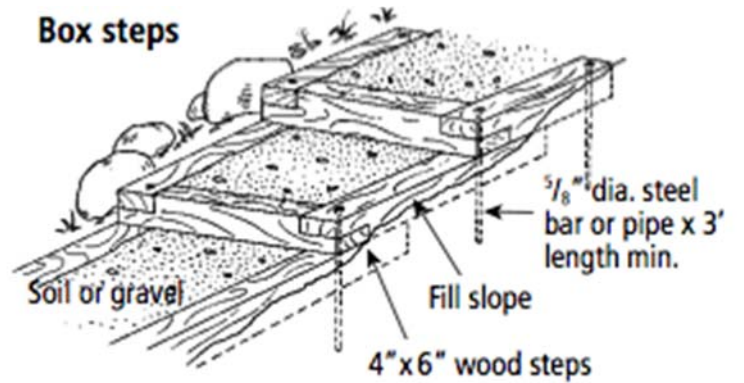

Some photos of gabion basket stairs are included below:

Option 2: Box Steps or modified Box Steps

Dirt stair trail with redwood boards and rebar supports

Box Stair Options
