**Subject:** Support for Grant of \$160,000 for work on housing

Good evening, June. As a community member and a member of HAT (Housing Action Team), I wholly support that the City of Fort Bragg apply for the available \$160,000 for updating planning documents and to work on the housing element so that our city is in good shape to apply for additional housing funds in 2020 and beyond.

Thank you for your consideration.
