Subject: Bainbridge Park

Hello Scott,

I heard that you would like to get some input from the community in regards to Bainbridge Park.

I would love to see some playground equipment for older kids like a rock climbing wall, an obstacle course, a spider web. I included some photos from Lafayette (Bay Area) where we used to live. They had a great playground/ park for older kids.

Some exercise equipment would be nice too.

Thank you so much for making Fort Bragg even more fun and beautiful!

Best wishes,
Sabine Brunner

Subject: Bainbridge park improvements

Hello Scott,

We are very excited to see improvements made to Bainbridge park. My two children are 7 and 11, unfortunately my 11 year old outgrew the wiggly giggly scene a couple years back. We really need to have some type of exercise/gymnastic equipment. Climbing walls, spinners or a spider net (Howarth park in Santa Rosa) would be well received. We desperately need to have things for older kids who still want to be playing at the park. We need to do whatever it takes to get the children outside. We really need to have a safe dedicated space in this town for our children.

Thanks for all your efforts,
Megan Caron

Subject: Soccer

Dear interested parties,

My name is Shel Saunders and I am a local soccer coach on the Mendocino coast. I coach varsity boys soccer at FBHS, I've coached FBMS coed soccer for 8 seasons in the past, and I've coached ukiah mens league soccer for a team representing fort bragg (FB United). I've also coached with 1♥FC a Mendocino youth club.

I am writing this letter in support of a proposed soccer facility at a local park in fort bragg. I've personally trained and seen several players go to universities playing soccer from our area and a facility like this would be a tremendous asset to our youth. Please strongly consider passing or approving plans that would include this type of infrastructure in our community.

Thank you for your time

Sincerely

Shel Saunders

Subject: Tonight's Agenda Item 8A Summary: Park Layout Illustration

Dear Mayor Lee and Fort Bragg City Councilmembers~

I plan to attend tonight's City Council meeting to speak on Agenda Item No. 8A but I think you might want to know the following before discussion:

While reading the summary a moment ago, I noticed that it doesn't include an image of the park as it is now. The illustration on page 1 is an image from the Master Plan before any improvements were made and I don't see an image of the park layout after Phase 1 improvements were implemented.

The Harrison Street entrance and the new park sidewalk are not located where shown on the illustration on page 1 of the summary; they are well to the south. The west entrance is near the spot where the numeral 2 is printed at the fence line on the layout, directly west of the basketball court. The new sidewalk goes straight east from the entrance and there's a jog in the sidewalk, near a new bench, continuing to the basketball court. The grassy area is broken up in a much different configuration from what you see in the illustration. If you aren't familiar with the park, your input about the southwest area amenities and activities, along with the new pavilion location, could be partially based upon a nonexistent layout. Please don't rely on the locations shown in the summary. Thank you.

Sincerely~
Kathy Silva

Subject: Soccer Court at the City Park
Date: Monday, July 22, 2019 6:27:46 PM

To whom this may concern, I was inform that the city got a grant to improve our city park, I suggest they a soccer court should be added. It will benefit our youth community immensely. I have a 12 year old son who I know would like to have a place to play a pick up game. At the moment there isn't anywhere in our community where our children can simply play in a safe environment. Our school fields are unsafe as it is. I appreciate your consideration on this matter.
