City of Fort Bragg, California
Development Impact Fees Report
Parking-In-Lieu Fees
Fiscal Year Ended June 30, 2018

For purpose of compliance with California Government Code Subsection 66006(b)(1), the following information regarding AB 1600 fees is presented in connection with the City's General Plan Maintenance fund:

(A) A brief description of the type of fee in the account or fund.

Parking In-Lieu Fee – The Parking In-Lieu Fee was established to provide flexibility for property owners in the Central Business District. Property owners can pay the fee instead of developing on-site parking which would otherwise use a significant amount of land and have a high cost to build. The Parking In-Lieu Fees allow for shared parking, better urban design, more flexible and effective land use, historic building reuse and economic development.

(B) The amount of the fee.

The Parking In-Lieu fee was temporarily waived effective October 22, 2012. The waiver has been extended annually since that time and continues in effect. In FY 2018 a parking lot sub-lease was established with the North Coast Brewing Company in the amount of \$3,889.00 annually.

(C) The beginning and ending balance of the account or fund. See statement below.

(D) The amount of the fees collected and the interest earned. See statement below.

(E) An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees.

\$8,208.00 of the Fees were expended to pay for the lease of a parking lot from the Skunk Train. The leased parking lot provides additional free parking for businesses in the Central Business District. 94% of total costs were funded with fees.

(F) An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete.

For the fiscal year 2018/2019, the City determined that there are sufficient funds to continue the lease of the Skunk Train parking lot.

(G) A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid and the rate of interest that the account or fund will receive on the loan.

In 2012 the balance of the parking-in-lieu fees was transferred to a fund called "parking". Annually the amount of the parking lot lease is transferred from the "parking" fund to the "parking-in-lieu" fund. The parking lot lease is paid from the "parking-in-lieu" fund. In FY 2018, \$8,300.00 was transferred to the parking-in-lieu fund for payment of the parking lot lease.

(H) The amount of the refunds made pursuant to subdivision (e) of Section 66001 and any allocation pursuant to subdivision (f) of Section 66001.

No refunds were made during the fiscal year.
