Adopt City Council Resolution Authorizing the City to Apply for an Award from the Infill Infrastructure Program

The Infill Infrastructure Grant Program makes funds available to eligible applicants through a Notice of Funding Availability (NOFA). The Plateau Housing Project, to be developed by Danco Communities, is an eligible project. To be an eligible applicant, Danco Communities needs to submit a joint application with the City of Fort Bragg. The proposed project will provide up to 69 units of affordable housing consisting of: 20 units of Permanently Supportive Housing, 25 units of Senior Housing, 23 units of Family Housing and one manager's unit, at 441 South Street. This project supports the City Council Priority Areas and Goals to pursue private partners to secure funding that will increase the number of housing units available in the City. A resolution of the governing body approving application to the Infill Infrastructure Grant Program is a requirement of application submission.
