Adopt City Council Resolution Approving Amendment No. 3 to the Agreement Between the City of Fort Bragg and Cold Creek Compost, Inc. for Composting Services

Fort Bragg’s mixed organic waste is currently directed to Cold Creek Compost, Inc. (Cold Creek) in Potter Valley. The City of Fort Bragg (City) and Cold Creek executed an Agreement dated October 27, 2015 designating Cold Creek as the City’s provider of composting services, which is due to expire on December 31, 2022. The City desires to extend the agreement to continue our current disposal of organic waste in compliance with SB1383 regulations. The terms and conditions of the original agreement shall remain in full force and effect, including the provisions for the annual price increase. Cold Creek provides a valuable local service which promotes sustainability and reduced pollution. Cold Creek is the closest and best priced provider of such services.

The proposed amendment would extend the agreement for five years through December 31, 2027, at which time it may be extended again for a term equal to any extension or replacement of Cold Creek’s lease.
