Legislation Text

File #: 20-648, **Version:** 1

Adopt City Council Resolution Accepting the Public Storm Drain and Public Sewer Easements from George A. Pyeatt and Lyndia J. Pyeatt, as Required by Use Permit UP 4-19, and Authorize City Manager to Execute the Certificate of Acceptance

An existing storm drain pipe is located in the southerly portion of the lands of Pyeatt, and an existing sewer pipe is located at the northeast corner of said lands, and they are of Public benefit. They transport storm water and sewage to Public facilities located in N. McPherson St. At this time, there is no Public access to the existing utilities.

Staff recommends the Council adopt the Resolution accepting the 10' Public Storm Drain and 10' Public Sewer Easements and authorize the City Manager to execute the Certificate of Acceptance. Acceptance of the easements is consistent with the goals of the City to adequately maintain Public facilities.
