Adopt Joint City Council / Improvement District Resolution Approving Professional Services Agreement with Springbrook Holding Company, LLC for the Purchase and Use of Springbrook Software and Authorizing City Manager to Execute Same (Amount Not to Exceed \$47,946; Account No. 521-4394-0384)

The total amount includes the annual recurring cost of \$35,626 and a one-time fee of \$12,320 for data migration to the cloud and training of the new software. With this upgrade, the City would forgo the purchase of a new finance server kept in-house. Additionally, the cloud version would be an upgrade and would offer improved functionalities for the various modules, including Utility Billing, Building Permits, Cash Receipts, and Payroll, which would create more efficiencies.
