Readopt Master Traffic Resolution

The City Council considers changes to the Master Traffic Resolution once or twice each year, as necessary. The last changes were made on July 25, 2016. Since that time, the Traffic Committee has considered twelve Traffic Modification Requests filed with the City Clerk's Office by members of the community. Many of the modifications granted by the Traffic Committee do not alter the Master Traffic Resolution (such as changes to Section G, No Parking Zones). Four changes that are included in this version of the Master Traffic Resolution are:
